Understanding and Specifying Invisible Sound Solutions

The BIID approved Amina Technologies CPD seminar looks at specifying audio systems to create a continuous design environment while examining why audio is necessary and even vital. The topics covered are:

- Why we need sound
- Basic principles of conventional sound technology
 - A new way of creating sound, invisibly
- Characteristics and benefits of using a diffuse sound source
 - Specifying systems that fit with your design concept
 - Case studies

The CPD seminars are available at either Interior Designer practices, at Amina Head Office in Huntingdon or Amina central London location by arrangement.

CPD certificates will be available for all attendees.

To book a seminar, please email inspired@amina.co.uk
or call 01480 354 390.

Amina Technologies Ltd of Cambridgeshire is the worlds leading designer and manufacturer of truly invisible loudspeaker solutions.

Our invisible loudspeakers have been used in a wide range of both commercial and residential applications for over a decade.
