OUR STORY

“We pride ourselves on our ability to **supply globally** and **support locally**.”

Flowcrete Group Ltd operates across six continents and has commercial sales centres worldwide.”

For full contact details of all our Flowcrete offices, please see the back of this brochure.

INDUSTRIAL

Performance products from our Industrial Flooring range provide workhorse surfaces suited to use in various types of manufacturing, production, warehousing or assembly line environments.

COMMERCIAL

Combining colour, gloss, functionality and design nothing transforms environments quite like a bold, bright and vivacious floor finish from our Commercial Flooring range.

FLOWFRESH

In an exclusive global partnership with Polygiene®, Flowfresh is a new generation of antimicrobial resin flooring that reduces bacteria on the surface of the floor by up to 99.9%.

FLOWFAST

Against the clock, Flowfast is hard to beat. Ready to use just two hours after application, our fast track MMA flooring concept allows clients to regain full use of their environment under a quick turnaround.

DECKSHIELD

Because first impressions count, and because the car park is the first point of contact for visitors, make sure you create great impressions with our colourful car park coating system, Deckshield.

ISOCRETE

There's no scope to install a quality floor finish without a solid sub-floor. Our Isocrete Floor Screeds have been designed to deliver the strength needed to support commercial developments.

RUSTIK

Bring the outdoors inside with Rustik - natural stones or coloured marble aggregates that create a decorative stone carpet, suitable for use in commercial environments.

MONDÉCO

Providing a stylish and luxurious alternative to granite and marble tiles, our seamless terrazzo system, Mondéco, delivers eye-catching surfaces for large-scale commercial and retail developments.

ATB-300®

Protect from chemical, thermal or mechanical attack with our range of shrink-free vinyl ester resin lining and coating systems; tested and proven in some of the most demanding environments on earth.

ISOWARM

Feel the heat beneath your feet with our underfloor heating systems, delivering invisible, controllable heat on demand. Isowarm offers energy savings of up to 30% compared to traditional heating systems.

Please contact your local Flowcrete office for product availability in your region.

“Our best asset is our clients. After all, without them we could not operate.

We have extensive experience in a variety of sectors and a proven track record of excellence.”

We would love the opportunity to add to our client base. For more information on Flowcrete’s products and services, visit www.flowcrete.com
