

CONCEPT

THREE SHAPES WITH INFINITE POSSIBILITIES

CONCEPT

What's your style...

Concept is where creative design meets practical solutions. Choose a style which appeals to your taste from three distinctive basin shapes then build your dream bathroom around it. With Concept you can fulfil your whole wish list. You'll discover WC and bathing options, innovative storage, stylish accessories and some very clever ideas along the way. Whether you're planning a busy family space, an elegant shower room or a compact cloakroom Concept offers a complete solution and value without compromise.

CUBE

SPHERE

ARC

Robin Levien, one of the UK's most successful bathroom designers, has created a beautiful and comprehensive collection that offers choice, practical solutions and affordable luxury to everyone. The latest addition to Concept is the Cube Vanity basin and unit which provides an integrated storage solution which is completely on-trend.

This brochure is divided into three easy-to-use sections to help you choose your bathroom. Start with your choice of basin shape and size then explore the solutions section which is designed to help you understand the many options available from smart storage to space saving features. Because everyone is different Concept offers huge flexibility so that you can tailor your choices to suit your individual needs. Finally the technical pages give you all the information you need to plan your new bathroom.

Your bathroom concept, your taste, to fit your space.

CONCEPT CUBE

Strong, simple lines provide a contemporary look which is beautifully balanced by Concept's signature soft inner rim. The main basin is a bold statement piece in a range of sizes making it suitable for any space whilst two short projection options bring architectural style to the smallest of bathrooms.

∨ Concept Cube 40cm hand rinse basin; small semi pedestal. Concept 400mm mirror/splashback; towel ring; toilet roll holder. Active single lever basin mixer.

PRACTICAL, COMPACT CHIC

Cube's two short projection basins are specifically designed for smaller spaces – the bowl volume is maximised even though they have a slim profile. The semi-countertop basin is designed to fit the slimline 210mm Concept fitted furniture.

Practical, family sized basins designed to give you space back to breath.

< Concept Cube 50cm short projection semi countertop basin, 2 tap holes; back-to-wall WC. CONCEPT SPHERE

Sphere offers hotel-chic style perfect for creating a relaxing, tranquil bathing space. Formed of a soothing circle, it is design for the discerning. A range of basin sizes, pedestal and furniture options provide you with endless possibilities and for ultimate luxury the pure round vessel creates a feel of the luxury spa at home.

Concept Sphere 50cm basin; back-to-wall WC; 170 x 75cm double ended bath with Ideal Waste System. Concept 550mm Sphere/Arc unit; 550mm Arc worktop; 500mm mirrored wall unit; 170cm front and 75cm end bath panels (Dark Walnut finish). Concept toilet roll holder; robe hook; toilet brush set. Ceraplan single lever basin mixer; single lever bath filler.

A PERFECT CIRCLE

Designed to be flexible for your choice of furniture: the 45 and 55cm semi-countertop models fit the 300mm deep fitted furniture while the vessel basin sits on any of the Sphere/Arc units fitted with a vessel worktop.

Concept Sphere 50cm basin; semi-pedestal. Ceraplan single lever basin mixer.

^ Concept Sphere 45cm semi-countertop basin. Concept 500mm basin unit, 500mm WC unit, 300mm base unit with 3 drawers (American Oak finish); 1500 x 300mm worktop (Gloss White finish). Ceraplan single lever basin mixer.

> Concept Sphere 43cm vessel basin. Concept 600mm Sphere/Arc basin unit; 600mm vessel worktop (American Oak finish). Ceraplan single lever basin mixer.

Concept tall unit with drawers; worktop for tall unit with drawers (Gloss White finish). Concept 550mm mirror with lighting; ceramic soap dish with holder; toilet roll holder. Cone single lever basin mixer; single lever bath filler, TT Cone built-in thermostatic shower valve; Outline shower kit.

CONCEPT ARC

A classic shape that will sit easily in any bathroom, Arc mixes a smooth curve with a gently scooped interior for a supremely versatile basin. The pedestal version is timelessly elegant, the corner perfect for smaller spaces, or mount either on a range of freestyle furniture options for when storage is a priority.

<

A STORAGE PEDESTAL

Clever storage can fit anywhere. This stylish basin pedestal unit uses a bit of normally wasted space, giving you unobtrusive, handy storage for all those bathroom bits and pieces you want hidden away.

SOLUTIONS

Infinite possibilities...

Build your 21st century bathroom with Concept. The design has solutions for all the complications of a modern bathroom, from storage pieces in contemporary finishes to water saving products, and a choice of baths and WCs designed to complement the Concept basins. You'll find inspiration for compact bathrooms along with fittings and accessories to enhance your choices and make effective bathroom planning a stress-free pleasure.

Solutions

CONCEPT BATHS

Four bath designs offer you everyday indulgence. Each bath has a gently sloped interior which echoes the inner soft rim of the Concept basins and makes them perfect for spa-style relaxation. There is a standard bath in three sizes, a double ended bath, a shower bath designed to maximise showering space and an innovative water saving bath as an eco option.

< Concept 170 x 70cm shower bath (right handed) with Ideal Waste System; shower bath screen. Cone single lever bath filler; TT Cone built-in thermostatic shower valve, Outline shower kit.

EASY STEP

At just 50cm high Concept baths ingeniously hold as much water as standard baths but with a lower step-in height. The secret is Ideal Waste, a concealed waste and overflow system in one.

Concept 170 x 75cm double ended bath with Ideal Waste System. Active dual control thermostatic bath filler.

SAVING WATER

Concept's water saving bath is the future of eco-aware bathing. For homes where water-usage is an issue this bath's ingenious, softly sloping interior and tapered foot end reduce the amount of water needed to enjoy a deep, indulgent soak.

< Concept 170 x 70cm water saving bath (right handed) with Ideal Waste System. Ceraplan single lever bath filler.

CONCEPT WCs

Choose a WC to complement your basin shape and bathroom style. With two modern bowl shapes and two cistern shapes there is plenty of choice. The Arc cistern is a perfect semi-circle, the Cube a neat square cistern. Both are dual flush and compatible with the cutting-edge clean lines of the Concept WC or the classic contemporary bowl of the Studio WC. There are close coupled, back-to-wall and wall hung models, all with the option of a slow close seat for added luxury.

ENSUITE

The en-suite has become a desirable must-have for the modern home. The flexibility at the heart of Concept means that whether you're adding a bathroom to the master bedroom or a shower room for guests you'll find an elegant solution. All three basin shapes are offered in compact sizes. Semi-pedestals, wall hung WCs and wall mounted storage all help to create a spacious feel with a clear floor which is easy to clean.

THE ONE METRE SOLUTION

How much space do you need for storage, basin and toilet? With Concept's fitted furniture the answer, incredibly, is just one metre. Available in 300mm or 210mm depths, these WC and semi-countertop basin units are just 500mm wide. Combine them with overhead cabinets to really make the most of your wall space.

^

Concept Sphere 45cm semi-countertop basin; wall hung WC. Concept 500mm semi-countertop basin unit, 500mm WC unit with dual flush cistern and push button; 500mm wall unit, 500mm mirrored wall unit (American Oak finish); 1200 x 300mm worktop (White Gloss finish). Concept 600mm Cube Vanity basin unit (Dark Walnut finish). Concept 600mm mirror; 600mm glass shelf; towel ring. ITV exposed thermostatic shower valve with Idealrain SI shower kit; Ceraplan Blue single lever basin mixer.

CLOAKROOM

Often the only bathroom your visitors see, even the tiniest cloakroom can reflect your style. Concept's flexibility makes it great for unusual spaces like under the stairs, with compact basins and neat storage to utilise awkward corners. Add in Concept's accessories for a cloakroom to be proud of.

Concept Cube 40cm handrinse basin; wall hung WC. Concept 350mm Cube basin unit (American Oak finish). Concept 400mm mirror/splashback; ceramic soap dispenser with holder; towel ring; toilet roll holder. Active single lever basin mixer.

^ Concept Cube 40cm handrinse basin; small semi-pedestal; wall hung WC with concealed dual flush cistern. Concept 400mm mirror/splashback; towel ring; toilet roll holder. Active single lever basin mixer.

SPACE SAVING

With Concept a smaller bathroom doesn't mean diluting your style. The range is full of space saving solutions like compact basins and slimline furniture. Make the most of clever design tricks like corner furniture and mirrored units, and use integrated splashbacks and wall mirrors to add a real sense of light and space.

CORNER SOLUTIONS

Where shower or cloakrooms are no bigger than a cupboard, corner solutions really maximise space for moving around in. Concept's design offers the complete package. An Arc corner basin, a chic wall-hung basin corner unit and a mirrored corner wall unit increase the illusion of space and provide essential storage.

A BASIN FOR SMALL SPACES

This Cube basin projects just 37.5cm into the room making it perfect for long narrow spaces, but at 55cm wide it has all the function of a standard basin. The 50cm semi-countertop model fits the space saving slimline fitted furniture to provide storage too (shown right).

< Concept Arc 45cm corner handrinse basin. Concept basin corner unit; 400mm mirrored corner wall unit (Dark Walnut finish). Ceraplan single lever basin mixer.

^ Concept Cube 55cm short projection basin. Concept 500mm glass shelf, ceramic soap dish with holder. Active single lever basin mixer.

Concept Cube 55cm short projection semi-countertop basin; back-to-wall WC; 90cm Idealite shower tray; 90cm Kubo corner entry shower enclosure. Concept 500mm slimline semi-countertop basin unit; 500mm slimline WC unit with dual flush cistern and push button; 300mm slimline base unit; 500mm wall unit (White Gloss finish); 500mm mirrored wall unit; 1500 x 210mm worktop (Dark Walnut finish). Concept 500mm splashback; 670mm shower totem. Active single lever basin mixer; Ceratherm 100 thermostatic exposed shower valve with Idealrain M3 shower kit.

WATER SAVING

As eco issues become more pressing, and water metering affects more households, so bathroom design must find new ways to offer indulgence and performance while using less water. Concept anticipates the trend with the unique water saving bath designed to minimise consumption. Other options include the shower bath, CLICK technology taps and the dual-flush cistern, which all help to reduce water used in the home every day and without effort.

Concept Arc 55cm basin; pedestal; close coupled WC with Arc cistern; 170cm water saving bath (right handed) with Ideal Waste System. Ceraplan single lever basin mixer, single lever bath filler.

< Concept 170cm shower bath (right handed) with Ideal Waste System; shower bath screen. Concept tall unit with drawers; worktop for tall unit with drawers (White Gloss finish). Cone single lever bath filler, TT Cone built-in thermostatic shower valve; Outline shower kit.

Ceraplan single lever basin mixer with CLICK technology.
v

CLICK TECHNOLOGY

With CLICK technology the user meets resistance when the tap is turned on allowing them to reduce water flow by 50%. If you want a torrent simply push to the fully on position.

< Dual flush push button delivers a 6/4 litre or water saving 4/2.6 litre dual flush.

DUAL FLUSH CISTERN

Because you don't always need a full flush, Concept close coupled WCs are available with 6/4 litre or 4/2.6 litre dual flush cisterns. A long flush push button delivers 6 or 4 litres of water and a short flush button 4 or 2.6 litres. On average, a dual flush ensures 25% water savings if the short flush is used four out of five times a day per person.

STORAGE

Whether you want the streamlined look of fitted furniture or a smart freestanding style, Concept has it covered. Standard depth or slimline, the fitted furniture is designed to conceal plumbing without losing storage space, while the wall mounted freestyle pieces are perfectly in tune with Concept's modern basins. You can even mix the two, in your choice of size and three contemporary finishes.

Concept Sphere 55cm semi-countertop basin; back-to-wall WC. Concept 600mm semi-countertop basin unit; 600mm WC unit with dual flush cistern and push button; 300mm base units with door and 3 drawers; 300mm wall units; 600mm mirrored wall unit; 1200mm plinth (White Gloss finish); 1800 x 300mm worktop and 170cm front bath panel (American Oak finish). Concept 600 and 300mm splashbacks; toilet roll holder. Cone single lever basin mixer.

Concept Cube Vanity 130cm double basin. Concept 1300mm Cube Vanity basin unit (White Gloss finish). Concept 1300mm mirror; ceramic tumbler with holder. Ceramix Blue single lever basin mixer.

FINISHES

Concept furniture is available in a choice of White Gloss, American Oak or Dark Walnut finishes. You also have the option of contrasting worktops, for instance White Gloss worktops on American Oak units.

1 The shelf link unit is designed to create a seamless join between individual units. You can link a freestyle basin unit with a fitted WC unit or as in this case, with a tall unit.

2 The Sphere/Arc basin units feature one soft close drawer which is deep enough to accommodate taller items such as cleaning products.

3 The Cube basin unit features two drawers to help organise life's necessities.

4 The 1300mm Cube Vanity basin unit provides a touch of luxury with his and her storage in four generous drawers.

5 The Sphere/Arc basin units are available with either a Sphere, Arc or Vessel worktop depending on which basin you choose.

6 The floorstanding basin pedestal unit can be used with a selection of Cube, Sphere and Arc basins and provides essential tucked-away storage in an otherwise unused space.

7 The side unit is designed to complement the Sphere/Arc basin units and provides another deep drawer. This image shows the detail of the collar on the Arc worktop which provides an easy-clean seal between basin and unit.

GUARANTEE

Our confidence in the quality and reliability of Ideal Standard products enables us to guarantee all ceramic products (including accessories) for a lifetime and Idealform acrylic baths for twenty-five years from date of purchase.

Bath panels, mixers, showers and taps, WC suite, cistern fittings and furniture are guaranteed for 5 years from date of purchase. Bath screens are guaranteed for 10 years from date of purchase. Parts (including flush valves) are guaranteed for 5 years and will be replaced if found to be faulty. The guarantee does not cover general wear and tear.

Our guarantee is offered on all products that have been used in the manner they were intended, and does not apply to any products that have been misused or abused in any way. Products must be installed and cared for in line with our fixing instructions and local water byelaws. The guarantee covers products in domestic use by the consumer and not commercial or business use.

In the unlikely event the product fails within the guarantee period, we offer a free replacement or replacement part (or nearest equivalent). Liability is limited to individual products and does not cover consequential loss or damage on installations. When your bathroom has been satisfactorily installed and is working well, please ensure you register your guarantee. The guarantee is transferable – it applies to the product not the purchaser provided guarantee registration details are passed on to the new owner. You can register for guarantees on a bathroom bought on your behalf by a plumber or builder.

Applies to UK and Republic of Ireland only. This guarantee does not affect your statutory rights.

Ideal Standard pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice. Colour reproduction is as accurate as possible within the limitations of the printing process.
