KNAUFDRYWALL

New Plasters

Knauf Drywall's new range of superior plaster products have been developed in Europe to provide the easiest application and great workability, together with our trademark superb white finish.

Knauf FP90 - multi-finish plaster

- Hand or mechanical application
- High clay content provides great control with no slumping
- New formulation improves initial grab and increases body for easy application without wiping away
- Use over plasterboard, undercoat plaster and fully cured sand and cement
- Superb white finish - leave for a "natural" look, or decorate as normal
- Available in 25kg bags
- Article number: 788 02 004

What's being said about FP90:

Martin Miller, MD of Martin Miller Plastering Ltd., was blown over by the performance of FP90: "It's superb. It went on brilliantly, it spreads and builds up well and the finish is the best I have ever experienced - just fantastic. The men love it."

Also available in the Knauf Drywall plaster range:

Knauf Ultimate Board Finish and Knauf Universal One Coat. Both come in 25kg bags.

Knauf MP75 - projection plaster

- Europe's No.1 seller
- 3 times faster than traditional plastering equals increased profitability
- Machine application minimises effort and ensures consistency
- Highly flexible - perfect for large runs and small awkward areas such as toilets and stairwells
- Apply up to 20mm in a single coat
- Superb white finish - leave for a "natural" look, or decorate as normal
- Available in 25kg bags
- Article number: 140 02 300

What's being said about MP75:

Russ Downing, director of plastering contractor Lord and Downing, is typical of those praising MP75's winning performance: "MP75 is the best finish we've seen in 30 years. None of our teams want to go back to hand-plastering after they have used it. And now builders and developers are showing interest because it's fast and provides real quality."

Knauf Patchwall 45 - patching plaster

- One coat patching plaster
- Rapid 45 minute set
- Perfect for making good and repairs to small areas of damaged plaster and fully cured sand and cement
- Apply up to 20mm in a single coat
- Dries to a smooth white finish ready for decoration
- Available in 10kg bags
- Article number: 755 03 001
