

Oxford Dipper Bathing Hoists

M & G Olympic is an approved supplier and installer of the Oxford Dipper range of bathing hoists.

The Oxford Dipper is for use at swimming pools, therapy pools and quayside locations with a design that is both flexible and highly functional. The market leading Dipper is a proven, reliable and safe method of gaining access to the water and has a weight capacity of 140kg (22 stone).

The Dipper hoist can be used with either a spreader and sling arrangement or the RANGER transporter chair.

Ranger transporter.

Dipper with spreader bar and sling arrangement.
