WELCOME TO FLOWCRETE - for the world at your feet

Flowcrete's commitment to exceptional design, technical support and advisory services, from initial enquiry through to installation, is at the heart of our business philosophy.

Our global success is driven by our commitment to excellence; excellence in products, excellence in service and excellence in people.

With manufacturing plants across Europe, the Americas, Asia and Africa, a global commercial and sales support team and the backing of a major multi-national manufacturing group, Flowcrete is well placed, as the world's leading performance flooring designer and manufacturer, to serve clients in their local markets.

Our fully trained and monitored global network of approved flooring contractors ensures your flooring project is in safe hands with Flowcrete.

RUSTIK - bring the outdoors in

The Rustik range of natural stone carpets has been designed to create a unique, striking and alternative floor finish in commercial environments, bringing the natural beauty of the outdoors inside.

Available in a range of both natural and contemporary tones, Rustik is well suited to a variety of commercial spaces, including car showrooms, nightclubs, boutique stores, reception areas and leisure facilities.

The durable, textured, non-slip finish delivers an attractive flooring solution that is ideally suited to areas where aesthetics, safety and longevity are crucial.

With excellent wear and impact resistance, the Rustik flooring range can withstand the foot and vehicular traffic associated with busy commercial environments.

With these qualities, Rustik is naturally the ideal choice for the great indoors.

TOP tip

Rustik can be laid in an unlimited number of bespoke patterns and styles, restricted only by your imagination.

RUSTIK

great indoors

RUSTIK delivers an attractive and contemporary flooring solution that is not only safe - with a slip-resistant surface - but is also durable; holding up the footfall in busy commercial environments.

TOP tip

Rustik can be applied vertically to walls, creating a contemporary finish that stands out from the crowd.

Pitcher & Piano, UK.

DELIVERING

natural beauty

A contemporary flooring solution that brings the great outdoors in... choose Rustik to create a unique and dynamic commercial environment.

Commercial environments are subject to aesthetic scrutiny, as well as heavy foot fall and, in the case of car showrooms, vehicular traffic. Rustik delivers the perfect solution; a slip resistant, durable floor finish that will not only stand the test of time, but that will add glamour and contemporary style to any indoor commercial space.

Available in a range of both stone and stylish glamour tones, Rustik can be used to deliver a natural or contemporary surface. What's more, the range can be laid in bespoke patterns or shapes to create a truly unique environment that really stands out from the crowd.

The durable and safety-conscious floor finish can be installed quickly reducing impact on trade in commercial businesses, where keeping downtime to a minimum is crucial. What's more, Rustik has noise reducing qualities, making car showrooms, offices, receptions, retail areas and other commercial spaces creating a pleasant environment.

TOP tip

Combine different colours of Rustik to reflect the colour scheme of the surrounding environment.

RUSTIK

benefits

Rustik offers a wide range of benefits for commercial environments in need of a flooring solution that is safe, durable and attractive.

FAST INSTALLATION - The Rustik range can be installed quickly to minimise downtime and the cost associated with extended construction schedules.

ATTRACTIVE - Not only is Rustik available in a range of aesthetically pleasing tones, it can also be applied in bespoke patterns for a truly unique design.

SAFE - Rustik comprises a mix of aggregates sealed in a seamless polyurethane binder, providing a safe and slip resistant flooring solution underfoot.

NOISE REDUCING - Rustik minimises noise from footsteps and other traffic above the surface, creating a more pleasant environment in noisier commercial spaces.

Approved and tested, all systems within the Rustik range come backed by the sales support, technical services and quality that customers have come to expect from Flowcrete. Installed by a network of fully-trained and monitored expert floor installation teams, Flowcrete's Rustik is the ideal choice for any commercial environment.

TOP tip

Use Rustik with our underfloor heating system, Isowarm, to warm your environment from the ground up.

Flowcrete's durable, decorative and high-performance flooring technology is gaining status in a variety of market sectors across the UK.

RUSTIK

case study

Pitcher & Piano, UK.

Product: Rustik Natural Stone

Flowcrete's unique and contemporary floor finish - Rustik Natural Stone - was chosen to complement the stunning new interior of a trendy, retro bar undergoing redevelopment in the heart of Birmingham.

However, this was no ordinary flooring installation... While Rustik is predominantly used to transform environments at ground level, the product, comprising natural stone encapsulated in a clear resin binder, was applied vertically to wall panels to enhance the bar's fashionable interior.

Harnessing the power of nature with the highest levels of technology, the stylish solution brings the great outdoors inside, delivering a striking and eye-catching environment, perfect for the chic city centre bistro.

RUSTIK SYSTEMS

technical zone

The figures provided in the table below are typical properties of our Rustik systems achieved in controlled laboratory tests that were conducted at 20°C and at 50% Relative Humidity. For full system technical data, please contact your local Flowcrete office or alternatively visit us online.

	Uses	Aggregate Mix Description	System Thickness	Slip Resistance* (BS 7976-2)	Water Permeability (Karsten Test)	Temperature Resistance	Compressive Strength (BS 6319)	Chemical Resistance	Bond Strength (Primed Concrete)
Rustik Natural Stone	Car showrooms, designer outlets, retail stores, conservatories, atriums, reception halls, conference zones and exhibition areas.	Natural stone	8-12mm	Dry >40 low slip potential Wet >40 low slip potential	Nil	Up to 50°C	>50 N/mm2	Tea, coffee, cola, fruit juice, detergents and bleach.	> 1.5 MPa
Rustik Glamourstone	Car showrooms, designer outlets, retail stores, conservatories, atriums, reception halls, conference zones and exhibition areas.	Marble	8-12mm	Dry >40 low slip potential Wet >40 low slip potential	Nil	Up to 50°C	>50 N/mm2	Tea, coffee, cola, fruit juice, detergents and bleach.	> 1.5 MPa.

* The slipperiness of flooring materials can change significantly, due to the installation process, after short periods of use, due to inappropriate maintenance, longer-term wear and/or surface contaminants (wet or dry). Textured systems are recommended to meet slip resistance value requirements for wet conditions and/or surface contaminants (wet or dry). Please contact a Technical Advisor at your local Flowcrete office for further details and specifications.

CREATIVE freedom

Rustik Natural Stone

Rustik Glamourstone

Rustik offers you the chance to create a truly one-of-a-kind floor finish. Our specialist colour service can create bespoke coloured aggregate blends or colour match your Rustik floor to existing natural or man-made surroundings.

The applied colours may differ from the examples shown. For unsealed aggregates, some staining may occur in the natural stone. For a full colour chart and sample, please contact your local Flowcrete office. Our specialist colour service may incur additional costs.
