

Levelmaster

The Stannah Levelmaster is a low rise platform goods lift with a carrying capacity up to 2000kg. Supplied in its own self supporting structure, it is quick and easy to install.

Levelmaster is an ideal solution where goods need to be moved over a small change in level. It offers a cost-effective, simple solution with a wide range of platform sizes.

Levelmaster key benefits

- Maximum load up to 2000kg
- Flexible platform sizes available to suit building space restrictions
- Ideal for low rise travel
- Low pit requirements
- Hardwearing finishes for excellent durability
- Choice of entrance configurations
- Minimal builders work required
- Fast delivery and installation time
- Enclosed platform gives safe and secure movement of goods
- Complies with European product standards (EN-1570-1)
- Helps building owners to conform with manual handling requirements

Stannah Levelmaster complies to EN-1570-1
