TOMORROW'S INSULATION TODAY

ACTIS CASE STUDY 2011

## Broome Lane, Salford

April 2011

### **60 Broome Lane, Salford**

Loft Conversion in an under rafter application using 40m<sup>2</sup> of TRISO SUPER 10.

Supplied by C & W Berry, Leyland.

Installed by Topflite Loft Conversions, Chorley.

Building Control Approval granted by JHAI, Wigan.

TRISO-SUPER 10 was chosen for its labour saving properties and also because it is clean and quick to fit and because of its thinness, maintains the headroom in the loft.

Topflite will use ACTIS TRISO-SUPER 10 again as it is a quality brand.
