TOMORROW'S INSULATION TODAY

ACTIS CASE STUDY 2012

## Canterbury Avenue, Sheffield

April 2012

### Canterbury Street, Sheffield

Extension to existing dwelling using 26m<sup>2</sup> of TRISO-SUPER 10 in an under rafter application.

TRISO-SUPER 10 was specified and approved by JHAi Ltd, Building Control.

Supplied by Jewson Ltd, Queens Road, Sheffield, Yorkshire.

TRISO-SUPER 10 was installed by Phil Ogle, from Mackenzie Construction, Rotherham.

Phil Ogle chose to use TRISO-SUPER 10 due to its ease and speed of installation, and because it is non irritant.

He saved 2-4 hours of labour versus installation of rigid board insulation.

Would recommend and will definitely use TRISO-SUPER 10 again.
