## MARISCHAL COLLEGE | ABERDEEN

Bright colours from the Papago collection by Polyrey are bringing a heather-inspired palette to the HQ of Aberdeen City Council at the recently refurbished Marischal College.

The refurbishment of Aberdeen's Marischal College building into the headquarters of the city's council has seen Polyrey laminate used throughout public and behind-the-scenes areas of this busy work place.

Specified by Ross Murray of innovative design practice Holmes Miller Architects,

Polyrey's high pressure laminate is providing a durable and scratch-resistant surface in public areas using the Aberdeen City Council's corporate brand guidelines colour scheme, using Pervenche, Olive and Juane Gauche, and in landscape-inspired heather tones of Parme, Pétunia and Bleu Oslo for

polyrey

backroom and staff areas.

"When working on projects that require a varied approach, the colour bank on offer from Polyrey makes its HPL a natural choice," comments Ross Murray, Holmes Miller Partnership. "Polyrey has The varied colours used in Marischal College were selected from the 118 decors available in the Papago collection on 0.8mm thick postformable HPL. Offering resistance to scratches, heat, chemicals, impacts, abrasions and

## "Polyrey has an exceptional colour library that allows us to approach these projects without being restricted by a limited palette..."

an exceptional colour library that allows us to approach these projects without being restricted by a limited palette.

"From muted more formal shades to vibrant tones with a real sense of fizz, Polyrey's diversity and quality has once again proved its worth, with Marischal College providing the council with a stimulating and inspiring environment." colour fast, Polyrey Color Papago HPL is available in 307 x 124 / 132cm sheet sizes and is suitable for vertical or horizontal use.

Polyrey's Papago HPL decors are available in three surface finishes; the versatile eggshell of FA, the textured surface of SURF and the wood effect of GRAIN.

The backroom and staff areas at Marischal College benefit from the durability of Polyrey's Papago HPL.
