

# PowerBead™

PERFECTION IN BEAD TECHNOLOGY

CBX15

BX15

## STRONGER

Renderplas has created Europe's strongest PVCu Beads for external rendering using PowerBead Technology™

## STRAIGHTER

Our revolutionary box section keeps the bead straight whilst the flexible wing compensates for irregular blockwork

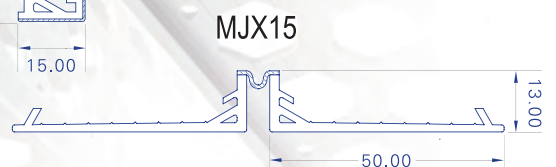

RSX15

## FASTER

Intelligent design allows PowerBead to be nailed directly onto any substrate without the need for adhesive mortar

MJX15

# Colour Beads from Renderplas

BEADING SOLUTIONS INSPIRED BY NATURE

- Perfect harmony for through-coloured renders
- Co-extruded colour only where it's needed
- Part L friendly recycled materials
