GEBERIT KERATECT®

# PROTECTIVE CERAMIC GLAZE

Geberit has developed KeraTect® for ceramics, a special glaze that ensures a beautifully smooth surface, optimal hygiene and ease of cleaning.

The Geberit KeraTect® glaze is applied in addition to the standard glaze. It fuses permanently with the ceramic, creating a virtually non-porous and extremely smooth surface.

The Geberit KeraTect® surface helps prevent staining and dirtying of the ceramics, making cleaning easier and maintaining a high-gloss effect. Geberit KeraTect® is featured as standard in the bathroom series Geberit Citterio and Geberit Xeno<sup>2</sup>.

## GEBERIT KERATECT®: SMOOTH SURFACES

## GEBERIT BATHROOM FURNITURE

# SMART STORAGE

Elegant surfaces, clean designs and elements that work beautifully with the ceramics. Geberit furniture transforms bathrooms into harmonious spaces.

Only high-quality, moisture-resistant materials and highly durable fittings are used. The series comprises of a wide range of bathroom cabinets which will enhance any room layout. Further elements such as mirrors and mirror cabinets are available for each series. The collections incorporate many details including the clever arrangements of compartments, drawers and soft lighting that not only create practical storage space but enhance the bathroom aesthetics.

[www.geberitcollection.co.uk](http://www.geberitcollection.co.uk)

**MOISTURE-RESISTANT**

### DURABLE AND RELIABLE

Geberit bathroom furniture is produced using high-quality and moisture-resistant wood based panels. Medium-density fibreboard (MDF) is used, as well as high-density chipboard, which prevents moisture damage.

#### STANDARD MATERIAL

Absorbs moisture like a sponge.

#### MOISTURE-RESISTANT MATERIAL

Wood based panels designed for places with high humidity.

Clever details such as well-positioned profile handles, push-to-open drawers and easy-glide rails make Geberit bathroom furniture a joy to use.

FIVE GOOD REASONS

# WALL-HUNG TOILET SOLUTIONS

## VERY STRONG

No wobbling or vibrations - strength-tested to bear a weight of up to 63 stone.

60  
Mio

## DURABLE

Installed 60 million times over the past 50 years, Geberit concealed flush plates represent the ultimate tried-and-tested solution.

## HYGIENE: SIMPLE CLEANING

No pedestal and no cistern in front of the wall means no exposed pipework for dirt and bacteria to hide.

## SIMPLE MAINTENANCE

Simply remove the flush plate for access to all important parts. Geberit stock spare parts for you, for 25 years.

## TESTED IMPERMEABILITY

Every Geberit cistern is individually tested to guarantee water tightness.

Wall-hung toilets give bathrooms a neat and tidy appearance and make cleaning the floor easier. They have been a standard feature in modern bathrooms for decades and have proven their worth in millions of installations.

GEBERIT RIMFREE® SOLUTIONS

# PERFECTLY CLEAN WITHOUT ANY SPECIALIST CLEANING PRODUCTS

In addition to design, hygiene and ease of cleaning are important factors when choosing a toilet. Traditional flush rims attract germs, dirt and deposits.

The flow of water is controlled just before it reaches the ceramic pan. A flush guide sends the water stream along both sides to the exact area where it is needed for a clean and thorough flush.

Geberit has introduced Rimfree® technology, a completely new and patented flushing system that ensures a deeper level of cleaning.

[www.geberitcollection.co.uk](http://www.geberitcollection.co.uk)

## INNOVATIVE FLUSH TECHNOLOGY

Geberit Rimfree® toilets are equipped with a specially developed and patented flush guide which ensures a targeted and hygienic flush every time.

↑ Common toilet pans depend on a flush rim which cannot easily be cleaned. Dirt and bacteria accumulate in this difficult to reach place.

↑ With the Geberit Rimfree® technology however, there is no rim. The smooth inner surface of a Geberit Rimfree® toilet pan is cleaned with one swipe. And best of all, one can see immediately if all dirt has been removed.

GEBERIT AQUACLEAN

# CLEANLINESS AT THE TOUCH OF A BUTTON

Geberit has spent the past 40 years continuously fine-tuning the shower function and spray - the centrepiece of any shower toilet - to absolute perfection. At the same time, we have invested into developing innovative technology and comfort functions, making our shower toilets the market leader. Depending on the model, a host of features make for a truly pampering experience.

[www.geberit-aquaclean.co.uk](http://www.geberit-aquaclean.co.uk)

#### A GUIDING LIGHT DURING THE NIGHT

A discreet LED light for orientation at night is activated by the proximity sensor.

#### NO UNPLEASANT ODOURS

Powerful built-in odour extraction technology removes unpleasant smells.

#### GENTLE DRYING

Take advantage of the gentle flow of air provided by the integrated warm air dryer.

#### ERGONOMIC SEAT DESIGN

The high quality ergonomic seat features integrated heating.

#### GENTLE INTIMATE HYGIENE

Gentle cleaning of sensitive intimate areas with pure water.

#### USER-ORIENTED

An in-built proximity sensor activates the water heating system, seat heating and orientation light on approach.

#### YOUR OWN PERSONAL WELL-BEING PROGRAMME

Specify and store your unique preferences for a truly personal pampering experience.

#### A TOUCHLESS LID

Thanks to the proximity sensor, the toilet lid opens and closes automatically.

#### PRACTICAL AND EASY TO MAINTAIN

From the easily removable seat and lid to the automatic descaling programme, Geberit AquaClean shower toilets are specifically designed to be cleaned and maintained with minimal effort throughout their long service life.

#### ABSOLUTE CLEANLINESS

The shower spray moves smoothly backwards and forwards to leave you with an exceptional feeling of cleanliness. The position of the spray arm and the intensity of the spray can be individually adjusted on certain models.

#### WHIRLSPRAY SHOWER TECHNOLOGY

The patented WhirlSpray shower technology features two nozzles and ensures an extremely targeted and thorough clean. This is made possible by a pulsating shower spray that is enhanced by dynamic aeration. The benefits are impressive: a more efficient clean and a pleasant shower experience with reduced water consumption.

INNOVATIVE ODOUR EXTRACTION AND AIR PURIFICATION

# GEBERIT ODOUR EXTRACTION

Lingering odours can turn your visit to the bathroom into an unpleasant experience. 92% of people believe that our mood is influenced by scent. Air fresheners only mask unpleasant odours whilst opening windows can leave the bathroom cold and unwelcoming.

Geberit solves this problem with odour extraction units that remove unpleasant odours right at the source – namely directly in the toilet ceramic itself. The unpleasant air is transferred to a powerful odour filter, purified and released back into the room in a fresh state.

The innovative extraction of odours from the toilet can be achieved with a variety of solutions:

- Geberit DuoFresh – the odour extraction unit behind the flush plate
- With the sanitary module Geberit Monolith Plus
- Various Geberit AquaClean shower toilets

[www.geberit.co.uk](http://www.geberit.co.uk)

EXAMPLE: GEBERIT DUOFRESH

**ACCESSIBLE**

The active carbon filter and insert for in-cistern blocks can be easily accessed via the flush plate.

**EFFICIENT**

The air is purified by the active carbon filter.

**QUIET**

A quiet fan conveys the purified air back into the room.

**ODOUR EXTRACTION UNIT  
GEBERIT DUOFRESH**

The active carbon filter can be easily accessed via the flush plate.

# GEBERIT CITTERIO WASHBASINS

KeraTect®

The washbasins of the Geberit Citterio bathroom series embody simple and timeless elegance in unmistakable Italian design.

Symmetrical lines frame gently rounded inner basins and provide generous space for toilets. A perfectly designed and specially developed, ceramic waste cover is seamlessly incorporated into the basin design. Nothing can disrupt the aesthetics of the washbasins, as they are designed completely without an overflow hole,

made possible by the patented Geberit washbasin connector Clou.

The lay-on washbasins on the cabinets are especially elegant in appearance and the complete unit provides a generous amount of space for bathroom accessories.

1 The gently curved inner basin is an exciting contrast to the geometric outer form. 2 The lay-on washbasins in a pure organic shape are especially eye catching. 3 Matching washbasin cabinets mean that cosmetic products are always within reach. 4 Washbasins, bathroom furniture and illuminated mirrors. 5 Geberit Citterio offers elegant solutions when space is at a premium, such as in guest bathrooms. 6 Stylish storage space for sophisticated bathroom designs.

# GEBERIT CITTERIO BATHROOM FURNITURE

## GENUINE ITALIAN DESIGN GRANDEUR

The generous storage space solutions complement the puristic organic elegance of the Geberit Citterio bathroom ceramics. The design series is synonymous with a distinctive ordered aesthetic.

The finish on the Geberit Citterio washbasin cabinets is as unique as you are. High-quality glass cover plates in shades to match the chosen furniture colour lend the Geberit Citterio bathroom furniture an additional shine. The combination of wood and glass results in an exciting and elegant interplay – rounded off by the door handles in on-trend champagne.

# GEBERIT XENO<sup>2</sup>

The Geberit Xeno<sup>2</sup> bathroom series is synonymous with design minimalism. Clear geometric outer lines are complemented by soft, natural shapes in the inner basin. This combination creates the impression of an inner basin that has been shaped over decades by flowing water. Geberit Xeno<sup>2</sup> boasts a perfectly coordinated product range of intelligent, well thought-through elements created in a consistent design language.

Superior elegance and perfection.

# GEBERIT XENO<sup>2</sup> WASHBASINS

Minimalist and superior in design, convenient and versatile in function: Geberit Xeno<sup>2</sup>.

As an expression of the natural clear lines, Geberit Xeno<sup>2</sup> washbasins have a slightly raised tap hole bench with a narrow platform to the edge of the basin. The absence of overflow holes means that the aesthetics of the inner basin's flowing forms are not disrupted. The clear design statement offers advantages when it comes to hygiene and ease of cleaning too.

**1** The soft curved form of the basin appears as an exciting contrast to the clearly geometric outer contour of the washbasins. **2** A clear focus: bathroom furniture and toilets perfectly match the washbasins. **3** The geometric design language of Geberit Xeno<sup>2</sup> for modern bathroom designs. **4** A slightly raised tap hole bench is a beautiful and convenient design aspect. **5** Exceptional: asymmetrical basin form with shelf at the side and rear. **6** The asymmetrical basin form permits interesting solutions even in small spaces.

1 Versatile drawers with push-to-open mechanism ensure order and convenience. 2 The Geberit Xeno<sup>2</sup> illuminated mirrors provide atmospheric, indirect light or direct light for applying make-up and shaving. 3 Sophisticated furniture fronts underline the lightweight appearance of the bathroom furniture series.

## AN ELEGANT LINE WITH CLEVER DETAILS

The elegant Geberit Xeno<sup>2</sup> bathroom furniture follows the geometry of the ceramic, creating a minimalistic bathroom ambience. Sophisticated furniture fronts lend the series a naturally lightweight appearance. The handle-free washbasin cabinets underline the minimalist design with a functional push-to-open mechanism that ensures ease of use. The furniture provides generous storage space, with practical features such as antislip mats and clever arrangement systems for bathroom accessories. Integrated LED lighting ensures a perfect view inside the upper drawers.

## ELEGANT GLASS COVER PLATES

Glass cover plates underline the elegant look and provide lasting surface protection for washbasin and side cabinets.

Convenience meets precision in the 170cm tall cabinet. The fitted highlights include variable glass shelves, a large internal mirror, integrated profile handles and a convenient SoftClosing mechanism. The cabinet for handrinse basins and the tall cabinet are available with right-hand or left-hand doors.

## GEBERIT XENO<sup>2</sup> ILLUMINATED MIRRORS CREATE AMBIENCE

Matching illuminated mirrors with LEDs follow the strict geometry of the Geberit Xeno<sup>2</sup> series. Available for all Xeno<sup>2</sup> washbasins in widths from 40 to 120cm, they allow the washbasin to take centre stage with atmospheric, indirect light. When applying make-up or shaving, direct lighting from above can be activated via a sensor switch with a dimming function. For a clear view at all times, anti-mist heating is available for the mirror surfaces.

# GEBERIT XENO<sup>2</sup> TOILETS AND BIDETS

Geberit Xeno<sup>2</sup> toilets and bidets continue the powerful design of the washbasins.

Contours with a clear edge, spacious, smooth and closed outer surfaces, and concealed fastenings characterise Geberit Xeno<sup>2</sup> toilets and bidets, making them easier to clean. In line with this, Geberit Rimfree<sup>®</sup> toilets are fitted with a flat, integrated seat with SoftClosing mechanism.

To ensure that the ceramics from this series remain radiant and easy to care for, they are sealed with Geberit KeraTect<sup>®</sup> ceramic glaze.

# GEBERIT ACANTO BATHROOM FURNITURE

## FURNITURE TO EXPRESS YOUR INDIVIDUALITY

The Geberit Acanto bathroom furniture offers freedom of design and functional excellence. Following extensive tests with consumers, the series has been developed to meet the widest variety of everyday needs. The inside of the furniture is surprisingly flexible, with the arrangement of the drawers, compartments and shelves creating an uncluttered environment. Magnetic boards – which can be mounted on the wall – enable storage trays or brackets to be attached precisely where the cosmetic items are needed. The innovative concept transforms the mirror cabinet above the washbasin into a beauty centre with a built-in magnifying mirror offering greater versatility.

With a wide range of washbasin cabinets, tall cabinets, mirror cabinets and shelf solutions, the Geberit Acanto bathroom furniture creates the perfect storage space for every bathroom. The furniture is available in three colours lava, sand grey and white.

The designers of the bathroom furniture placed a particular emphasis on a modern combination of different materials and surfaces such as glass, metal, painted and wood finishes, not to mention the individual composition of the different furniture types.

**THE GEBERIT ICON WASHBASINS ARE DEFINED BY CLEAR, SLEEK LINES ALONG THE OUTER CONTOURS**

Capacious inner washbasin bowl design adds depth and prominence for daily usage whilst elegant bathroom items are afforded generous space in the recesses of the asymmetrical design.

This flexibility in room design is a unique opportunity to combine sanitaryware, furniture and illuminated mirrors.

**1** Flexible room design with clear lines. **2** Washbasins and cabinets are perfectly coordinated. **3** A clear geometric outer contour and smooth inner form characterise the Geberit iCon washbasins. **4** Geberit iCon is available in many formats and sizes, including as double washbasins for wall-mounted taps.

# GEBERIT ICON BATHROOM FURNITURE

## AN EXTENSIVE MODULAR FURNITURE OFFERING

Through modular, flexible combinations, the Geberit iCon storage concept inspires individuality and creates flawless beauty and order. The product diversity afforded by the Geberit iCon bathroom furniture series enables modern room planning and installation from symmetrical to asymmetrical combinations. The design spectrum ranges from timeless classics to extravagant innovation.

The drawers for the Geberit iCon washbasin, as well as the tall and side cabinets are fitted with a SoftClosing mechanism. The various Geberit iCon illuminated mirrors and shelves not only

offer generous and practical storage space, but also create the basis for a unique and effective room design.

## GEBERIT ICON ILLUMINATED MIRROR ELEMENTS

Three illuminated mirrors from the Geberit iCon series radiate pleasant, soft light at the washbasin. Depending on requirements, the horizontal light strips placed above the mirror can be offset to the left or right; the shelves too can be centre or side mounted. This creates interesting highlights in the room and visual connections with side and tall cabinets. The Geberit iCon illuminated mirrors are available measuring 37, 60, 90 and 120cm in width and 75cm in height.

Sophisticated lines, harmonious shapes and narrow rims on the washbasins appear in exciting contrast to the generous shelf surfaces. Whether large or small, with or without a tap hole, in various widths; as a double washbasin or handrinse basin, Geberit Smyle offers ideal solutions for all requirements in modern bathrooms.

**1** The washbasin and cabinet form a visually closed unit. **2** Geberit Smyle also offers solutions for compact bathrooms. **3** Wide shelves and narrow lines around the edge of the basin are characteristic of Geberit Smyle. **4** With its rounded outer contour, Geberit Smyle conveys a classic appearance.

# GEBERIT SMYLE BATHROOM FURNITURE

The bathroom furniture is designed to precisely match the washbasins and meticulously continues the contours of the ceramic design. Washbasin cabinets in various sizes and designs are set apart from the ceramic with a shadow gap. This attractive highlight lends the washbasin a weightless appearance. Chrome-plated rod handles highlight the fine lines on the exteriors and drawers are fitted with high-quality SoftClosing mechanisms as standard. A tall cabinet with mirror and generous storage space completes the range.

Rimfree

Toilets and bidets continue the characteristically light Geberit Smyle design language and ensure a harmonious mix.

The ceramic form of the toilets and bidets closely follows the sophisticated design of the washbasins. The Smyle series offers standard and premium design solutions. The toilet is also available as a Rimfree® option.

# GEBERIT VARIFORM

The Geberit VariForm design concept is based on the four basic geometric shapes – round, rectangle, oval and ellipse, using them to create new and different variations every time. It's a concept that opens up a whole host of possibilities for customising bathroom designs. The washbasins in the range are a particular highlight, offering an almost endless range of design options.

**1** Lay-on washbasins with gently rounded elliptic shape, combined with wall-mounted taps.  
**2** Lay-on washbasins with clean rectangular geometric shape, with deck-mounted taps on base panel.

### THE LATEST DESIGN TRENDS – MADE VERSATILE AND ERGONOMIC

The streamlined rims of Geberit VariForm washbasins are the perfect match for cutting-edge bathroom designs. Countertop and lay-on washbasins are available both with and without a tap hole bench. The tap can be installed as a deck-mounted tap on the ceramic or the base panel – or alternatively, as a wall-mounted tap on the prewall installation. All Geberit VariForm models feature a generous basin depth to ensure freedom of movement in ergonomic conditions. Made from high-quality sanitary ceramic, the washbasins are scratchproof and resistant to cracks, as well as easy to care for.

# GEBERIT OPTION AND OPTION PLUS

Illuminated mirrors and mirror cabinets are a real focal point in the bathroom. The Option series offers a comprehensive selection that provides the perfect soft light for your bathroom routine. Fashioning washbasin prominence in any bathroom.

# GEBERIT OPTION MIRRORS AND MIRROR CABINETS

## GLOWING EXAMPLES OF REFLECTIVE STYLE

Illuminated mirrors and mirror cabinets from Geberit bring soft ambient lighting to the heart of the bathroom, creating a warm, homely atmosphere. The illuminated mirrors are equipped with two vertical light strips creating dazzle-free illumination, with larger mirrors also featuring a horizontal light strip at the top.

The Geberit Option mirror cabinets also include two horizontal light strips with individual sensor control switches. In addition, subtle washbasin lighting is also integrated on the bottom edge and is activated by a light-touch sensor switch with orientation light.

The cabinets impress both visually with their all-round mirroring and functionally with doors featuring internal mirrors and a SoftClosing mechanism.

The elegant glass shelves are height-adjustable. An interior power outlet is provided for hairdryers, electric toothbrushes and shavers, whilst an integrated USB port offers recharging for other portable items.

**1** Optimum bathroom illumination with light strips and indirect washbasin lighting. **2** The mirroring at the sides give the cabinets an added weightlessness. **3** Tidy, individually tailored interior with height-adjustable glass shelves.

# GEBERIT OPTION PLUS MIRROR CABINETS

1 Interior power outlet with USB connection: for recharging mobile devices. 2 All-over LED cover for soft ambient lighting. 3 Generous space for cosmetic items. 4 Practical: includes a built-in magnifying mirror and a magnetic holder. 5 Option and Option Plus are the perfect addition to Geberit ceramics and bathroom furniture.

# GEBERIT SHOWER SOLUTIONS

Today, floor-even showers are an important part of discerning, comfortable bathrooms – they offer considerably more comfort and simply look better. And thanks to clever technical solutions, they are also easy and safe to install. The shower of today.

# GEBERIT SHOWER SURFACE SETAPLANO

The Geberit Setaplano shower surface is a captivating product from the very first glance - and the very first touch. Made of a high-quality solid surface material, it has a surface that feels silky-smooth and warm to the touch.

The Geberit Setaplano is made of a high quality solid surface material. You can really feel the difference as the smooth matt surface is particularly pleasant to the touch and radiates a sense of luxury. The surface material is noticeably solid and its non-slip properties provides more safety. The gentle incline with the soft and seamless transition to the outlet at the front end contributes to the harmonious overall appearance.

The Geberit Setaplano surface is very robust, easy to clean and hygienic. The material is also very forgiving – small defects and scratches can be easily buffed out. The edgeless inlet area in which no dirt can accumulate is also easy to clean, as is the comb insert that can be removed and cleaned effortlessly.

The substructure of the shower surface makes use of innovative system technology that makes your plumber's job easier and provides you with peace of mind that installation will be quick and cost-efficient. The system is already sealed perfectly in the factory and will remain so over the long term in your bathroom.

**1** The cover of the shower drain at the front end can be removed effortlessly. **2** A comb insert below the cover prevents from clogging. It can be easily removed and cleaned in next to no time.

# GEBERIT SHOWER CHANNELS CLEANLINE

reddot design award  
winner 2015

**HYGIENIC, CLEAN AND SIMPLY BEAUTIFUL:  
GEBERIT SHOWER CHANNELS OF THE  
CLEANLINE SERIES FOR FLEXIBLE  
BATHROOM DESIGN**

Geberit CleanLine breaks new ground in shower drainage. It does not discharge the water invisibly in a channel but instead via elegant stainless steel collector profiles. There are no hidden areas meaning that dirt is prevented from accumulating and leading to unpleasant odours. Simply wipe over the profile once and everything is clean.

Geberit CleanLine is considerably more flexible than many other shower drainage solutions as the collector profile can be simply cut at both ends and adjusted to the nearest millimetre depending on the room conditions.

Geberit CleanLine is available in two different designs. **1** Geberit CleanLine20 channel. **2** Geberit CleanLine60 channel. **3** A comb insert prevents from clogging and is easy to remove and easy to clean. **4** Also available in a customisable version for tiles.

# GEBERIT WALL DRAIN FOR SHOWERS

## TAKING THE FLOOR-EVEN SHOWER A STEP FURTHER

The Geberit wall drain shifts the drainage of floor-even showers from the floor to behind the wall. Not only does this look very attractive, it also makes it easier to install a floor-even shower. Both the drinking water and waste water installations are behind the wall and the floor can be tiled throughout. This also makes it possible to install underfloor heating without interruption.

All that remains visible is a small cover on the wall that can be easily removed to clean the comb insert behind. The cover is available in various surface finishes and can also be tiled to match the design of the wall.

1 Discreet and very easy to clean. 2 The wall drain cover can also be tiled to match the bathroom design.

# GEBERIT DUOFRESH ODOUR EXTRACTION UNIT A BREATH OF FRESH AIR

## ACCESSIBLE

The active carbon filter and insert for in-cistern blocks can be easily accessed via the flush plate.

## EFFICIENT

The air is purified in the active carbon filter.

## QUIET

A quiet fan transfers the purified air back into the room.

Geberit DuoFresh is an odour extraction unit that sits behind the Geberit Sigma40 flush plate and extracts unpleasant odours right at the source – directly from the toilet pan. This prevents the odour from spreading throughout the bathroom. Instead, it is neutralised effectively via an active carbon filter unit behind the flush plate.

For even more freshness, the integrated insert for in-cistern blocks is easily accessible via the flush plate.

↑  
Odour extraction is activated at the touch of a button. It is deactivated either automatically after ten minutes or by pressing the button again.

## GEBERIT MONOLITH

Geberit Monolith is the element for toilets and bidets with integrated cistern and refined additional functions. Quick and easy to install in front of your existing wall, requiring no constructional modifications, giving a sleek contemporary design to the bathroom in no time.

## LIGHTING UP THE BATHROOM

The Geberit Monolith Plus premium element offers state-of-the-art flush technology for toilets, exclusively packaged in a glass and brushed aluminium exterior. Flushing is triggered by gently touching the sensor buttons. A discreet orientation light that can be configured in seven different colours according to taste and mood guides the way to the toilet at night.

Meanwhile, an integrated odour extraction unit absorbs odours directly from the toilet so that nothing can affect the air quality of your bathroom.

← ODOUR EXTRACTION INCLUDED  
Air is extracted directly from the ceramic pan and released back in a pleasant, fresh state.

← SOFTTOUCH ACTUATION  
A gentle touch triggers flushing. A sensor activates the lighting.

← TANGIBLE QUALITY  
Safety glass and elegant brushed aluminium underline the exquisite design.

# CREATING THE FUTURE

Sustainable operations. The opportunities for tomorrow depend on how we act today. For Geberit, this means acting with reason and vision. With innovations that assume responsibility for generations to come and actively promote our environment.

## ENVIRONMENTALLY FRIENDLY PRODUCTS

Geberit's ceramic sanitary appliances protect the environment and resources in several respects. The toilet can be flushed with low flush volumes and therefore save water, while the surfaces are easy to keep clean and save on cleaning agents. The KeraTect® special glaze is particularly easy to clean.

Geberit ceramic sanitary appliances are 100% recyclable. They consist largely of the natural minerals quartz, feldspar, clay and kaolin. The glaze is 100% lead-free.

## PRONOUNCED QUALITY AWARENESS

Geberit products are carefully developed for long-term use. Thorough function tests, load tests, digital measurements and TÜV-certified safety all ensure technical reliability, comfort and future-proof solutions. Geberit was the first bathroom ceramics manufacturer in Europe to receive DIN EN ISO 9001 certification for outstanding quality management.

## OPTIMISED PRODUCTION AND LOGISTICS

Back in 1994, Geberit became the first company in the sanitary ceramics industry to be awarded the TÜV environmental management certificate for energy-saving and environmentally friendly production processes. The company continuously works to achieve further improvements across the entire production and logistics chain.

# GEBERIT XENO<sup>2</sup>

The Geberit Xeno<sup>2</sup> bathroom series is synonymous with design minimalism. Clear geometric outer lines are complemented by soft, natural shapes in the inner basin. This combination creates the impression of an inner basin that has been shaped over decades by flowing water. Geberit Xeno<sup>2</sup> boasts a perfectly co-ordinated product range of intelligent, well thought-through elements created in a consistent design language. Superior elegance and perfection.

# GEBERIT VARIFORM

From circles and rectangles to ovals and ellipses, the aesthetically pleasing design concept of Geberit VariForm washbasins incorporates the four basic geometric shapes. This comprehensive modular system comprises under-countertop, countertop and lay-on washbasins in a variety of shapes and sizes for virtually unlimited design versatility in public washrooms, hotel bathrooms and private bathrooms. With their particularly slimline edges and timeless, ceramic white finish, Geberit VariForm washbasins are not only right on trend when it comes to the latest bathroom designs, but they also offer the perfect complement to the colours and textures of their support systems. Even with intensive use, the washbasins remain attractive pieces for years thanks to their resistance to both cracks and scratches.
