

# Aventis LED

## Bulkhead

Now in LED our popular Aventis range of die-cast aluminium bulkhead luminaires is available in three designs offering an energy efficient, vandal resistant solution for interior or exterior schemes. With low power consumption and flexible control options, Aventis LED is virtually maintenance free.

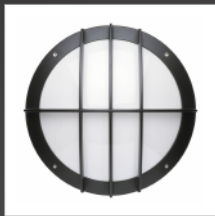

Dimming and switching options for further energy savings

Three hour maintained emergency option

Available in three designs

Aventis Eyelid

Aventis Grille

Aventis Plain

# Aventis LED

IP65 - IK10 - Class I

## Features:

- Low running temperature for optimal LED lifetime
- Uniform light distribution
- Available in three designs
- Available in two outputs
- Three hour maintained emergency option available
- Presence controlled dimming / switching option available
- Vandal resistant polycarbonate diffuser

## Options

### Cover Choices:

Plain  
Eyelid  
Grille

### Available Colours:

RAL 9005 Black  
RAL 9006 Aluminium

### Light Source:

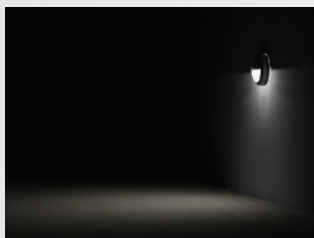

Number of LEDs: 54 (Plain) or 27 (Eyelid)  
Drive current: 350mA or 250mA  
Circuit Watts: 23W @350mA or 16.5W @250mA

Luminous Flux: 1425lm @350mA / 1020lm @250mA (Plain / Grille)  
550lm@ 350mA (Eyelid)

Colour Temperature: 4000k Neutral White

Colour Rendering Index (CRI): 80Ra

### Light Distribution:

Eyelid

Plain / Grille

## Control:

**Switch:** on/off via external PEC / timeclock  
**Microwave sensor:** Dim or Switch off when no presence detected with programmable delay, dim and sensitivity level  
**Emergency:** Three Hour Maintained Emergency battery backup

## Materials

### Body:

Corrosion protected die cast aluminium

### Glazing:

UV stabilized polycarbonate diffuser

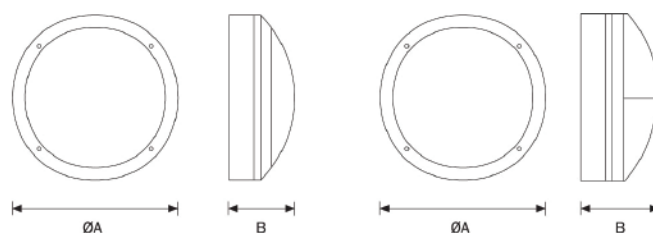

### Seals:

Silicone rubber

### Finish:

Polyester powder coat

## Dimensions

	Dimensions mm		Weight kg	
	A	B		
Plain	360	145	3.7	4.7*
Eyelid	360	155	4.5	5.5*

\*with emergency gear
