

BIKE WASHING STATION

Enhance Your Cycle Facilities with the Bike Wash Station

The Bike Wash Station is a durable, specification-ready facility that keeps bicycles clean and well-maintained while reducing dirt and mess within your bike storage areas. Equipped with an integrated jet washer and specialised brushes, cyclists have an efficient and safe way to wash their bikes without causing damage or wasting water.

Manufactured in Britain and backed by a 10-year warranty, this station is ideal for commercial developments, transport hubs, universities and internal bike storage facilities. With branding and colour finish options available, the Bike Wash Station can be tailored to suit the visual identity of your project while enhancing the usability of any cycle storage area.
