

# CPD

Washrooms worth experiencing

A RIBA Approved CPD

## Washroom Sustainability and Design with Dolphin

**New**

We can offer you the CPD by webinar if you prefer

... another 'Sustainable solution' from Dolphin

### Objective

This CPD will help you to understand how to specify washrooms that are more hygienic, waste significantly less water and energy than traditional designs, are aesthetically pleasing, save space, comply with regulations whilst remaining cost effective

### Synopsis

- Using modern technology to maximise water saving and reduce energy usage in the washroom
- Enhancing aesthetics and improving hygiene through using appropriate fittings
- Design challenges and making better use of available space in the washroom
- Brief overview of accessible and standard washroom ergonomics
- Design ideas to maximise unlettable areas of a building
- **Handle actual sample taps and fittings during the seminar**

# Have some of these questions answered:

- Do sensor taps really pay for themselves?
- Can infrared taps decrease the risk of legionella in your clients' buildings?
- Is finding wall space in a washroom for hand dryers sometimes difficult?
- How do you go for BREEAM excellence in a washroom?
- Do you believe you can measure the quality of a building by measuring the quality of its washrooms?
- Do you hate cluttered wall space in washrooms? – do you prefer clean straight lines?

## What architects say about our CPD

“ It was great – very informative and interesting and much enjoyed.

“ Very interesting. Better than they thought it was going to be. Agenda is very understated.

“ Our architects found it very informative and enjoyed the interactive approach – lunch was good too!

**A small carton will be delivered to your practice the day before the CPD to make it a true 'Dolphin experience'**

Take advantage of a free CPD in your office to enhance your washroom-design skills and demonstrate your care for people and the environment

**Where:** At your office

**When:** You tell us the time

**Duration:** 45-60 minutes

**Catering:** Our expense – details to be discussed
