HOME LIFTS DESIGNED FOR LIFE

Exhibition Season with Gartec Home Lifts: Build It Bicester

The exhibition season is well underway, and home building, home improvement and renovation exhibitions are popping up across the summer. Make sure you don't miss out!

Why Build It Bicester Exhibition?

Right next to the hugely popular self-build development site, Graven Hill, Build It Live Bicester is the perfect place for anyone looking to start, or currently doing, a self-building project at home.

The central location is also perfect for travelling from north or south, and the self-build development is worth a peek just for ideas!

Find Gartec Home at the Show!

Gartec Home will be on stand number E24 – right near the self-build academy – with our demo lift for trying out as we know it can be a hard decision without knowing what is available.

Our home lift experts will also be on hand to answer any questions and give advice to home owners and professional building services alike – so do bring any drawings you have with you.

We've also snagged [2 FREE TICKETS for you and a friend or client to come along](#) – see you there!

What Else is On at Build It Bicester?

With the Self Build Advice Centre down the road, and “Land Finder” and “Ask an Architect” areas at the show, get some appointments booked in for bespoke advice from the experts.

The **Naked House** always grabs our attention – a house frame with building products being installed and demonstrated live at the show, which is great to see how things fit together.

[Find out more about what's on at Build It Bicester home building exhibition here.](#)
