

HACKNEY ACCESSIBLE LOCKER

Delivering Inclusive and Accessible Changing Room Storage

The Hackney Accessible Locker has been designed to deliver secure, inclusive, and specification-ready changing room storage solutions for modern workplaces, cycle hubs, and commercial fit-outs. Built with accessibility in mind, the Hackney ensures that wheelchair users and individuals with reduced mobility have equal access to safe and practical storage. With a functional sliding door system, ample foot clearance, and integrated USB charging ports, this locker combines convenience with modern design. Adding four upper-level general use compartments maximises storage efficiency, while a wide choice of finishes, carcass options, and locking systems ensures seamless integration into any project. Durable, moisture-resistant, and fully BREEM compliant, the Hackney Locker is a robust long-term investment that meets the high standards that architects and contractors expect.
