

THE HORIZONTAL 2 LOCKER

Built for Bikes, Bags, and End User Peace of Mind

The Horizontal 2 Bike Locker is a premium, high-security storage solution designed to protect two bicycles in a compact footprint. Manufactured in Britain from hot-dipped galvanised steel to BS EN ISO 1461:2022, this robust cycle locker combines durability, security, and weather resistance, making it an excellent choice for both residential and commercial schemes. Unlike open racks, this fully enclosed design provides cyclists with added storage for helmets, bags, and accessories, offering convenience while reducing clutter. With its sleek powder-coated finish, available in any RAL colour, the locker can be tailored to blend seamlessly into housing developments, office sites, or public transport hubs. Engineered with a pick and drill resistant three-point locking system, the Horizontal 2 Bike Locker provides reliable long-term protection.

- › **Secure by Design:** Three-point locking with pick and drill resistant lock
- › **Capacity:** Stores up to two bicycles plus accessories per unit
- › **Durable Construction:** Hot-dipped galvanised steel to BS EN ISO 1461:2022
