General Fixtures/Furnishings/Equipment

300

Entrance Matting

40

Miscellaneous Fittings

Application

Internal High Traffic Areas

DDA Compliant can be used in conjunction with wheelchairs and shopping trolleys.

Closed Construction Heel Safe

Description

A matting consisting of strips of Polypropylene Brush Wiper secured between rigid silver aluminium scraper bars. Designed for indoor or outdoor use in shops, public buildings, schools, offices, hotels, leisure centres, train stations, bus stations and hospitals.

The matting can be supplied in virtually any size or shape but, for reasons of safe handling, it is recommended that mat sections, which can be butted together, do not exceed 2m²

The Panels interconnect on the front and back panel, the panels on the left to right can make up required by butting panels side by side. The Jaymart system allows for perfect rib alignment without the need for T Bars.

Grime Grabber is 17mm thick and available in black only

Consult Jaymart Rubber & Plastics Ltd technical literature for details of the finishes available.

Jaymart Rubber & Plastics Ltd can also provide a design and specification service and it is recommended that they be consulted early in the design process.
