### **CPD Overview**

---

Kemmlit have been manufacturing and installing their award winning cubicle systems for over 60 years in stadiums, museums, schools, universities and more, which is one of the reasons why they can offer their 25 year manufacturing guarantee. With over 15 design awards, including reddot, iF, TOR 100 and DESIGNPREIS, it has made them one of Europe's market leaders in the manufacture of stainless steel cubicles, glass cubicles, and lockers. Kemmlit treats every project as individual, it works closely with architects, designers and contractors to produce washrooms that fulfil design requirements.
