

DISCOVER OUR RANGE OF CARBON MONOXIDE DETECTORS

Ensure the safety of your home with our high-performance carbon monoxide (CO) detectors. Designed to detect this toxic, invisible, and odorless gas, our detectors provide quick and reliable alerts with powerful signals and clear displays. Place them near combustion sources such as boilers, stoves, and fireplaces for optimal protection and complete peace of mind.

MAINTENANCE AND SAFETY

To ensure maximum protection:

- **INSTALL** an audible CO alarm and check its operation.
- **REGULARLY** maintain your combustion devices.
- **CLEAN** the ventilation ducts of your fireplace, stove, or boiler.
- **IDENTIFY** physical signs of abnormal carbon monoxide production.

COMMON FEATURES

- **Electrochemical Sensor:** Precise technology for quick carbon monoxide detection.
- **Sensor Lifespan:** 10 years for long-term reliability.
- **End-of-Life Alert:** Clear signal to replace the detector before end-of-life.
- **Test/Silent:** Test button and silent function for easy and quick use.
- **Certification:** Complies with EN50291 standards to ensure maximum safety.
- **Flexible Installation:** Wall mounting or free-standing installation to fit any environment.

WHY CHOOSE OUR CO DETECTORS?

- **Reliable Detection:** Our detectors respond quickly to carbon monoxide, providing effective protection against this dangerous gas.
- **Clear Alerts:** Emits loud 85dB audible signals and has visual displays for immediate alerts in case of danger.
- **Easy Installation:** Quick and easy to install and use with batteries included that require minimal maintenance.
