

3p-Technology: Stainless steel

## LuxBin S

LuxBin litter bin combines contemporary design with the unique 3p-Technology functionality (which keeps the bin and ground work intact on impact and allows removal and replacement within minutes). The classic cylindrical shape fits into any street, park or town square. It is particularly suitable, using the 3p-Technology version, where occasional removal is required to give flexibility to the use of an area.

### Specifications

Cylindrical stainless or powder coated galvanised steel litter bin with O-shaped aperture, sloping top and separate stainless steel cigarette stubbing plate and slot. Internal waste container accessed via a triangular key for emptying. Pre-assembled on the bollard. 3p-Technology version with sacrificial joint inbuilt.

50 litre	Stainless steel	Galvanised steel DB 703
Fixed root	LB LUS R 460 XXX XX 05	LB LUS R 320 XXX XX 05
3p-Technology	LB LUS T 460 XXX XX 05	LB LUS T 320 XXX XX 05

75 litre	Stainless steel	Galvanised steel DB 703
Fixed root	LB LUS R 460 XXX XX 07	LB LUS R 320 XXX XX 07
3p-Technology	LB LUS T 460 XXX XX 07	LB LUS T 320 XXX XX 07

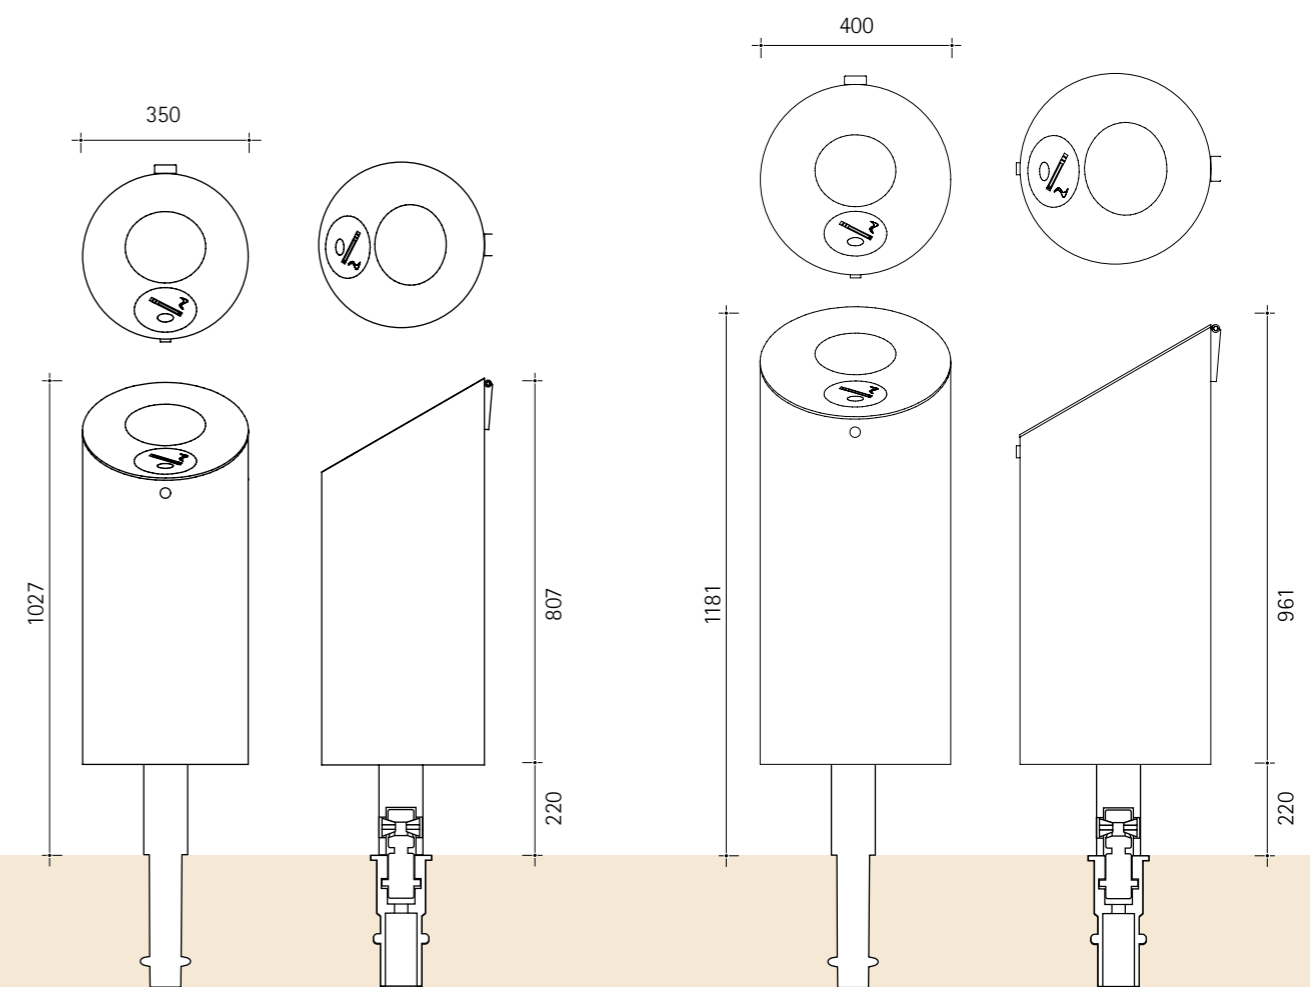

### Finish

1. Stainless steel grade 304 or galvanised steel, powder coating in RAL 3020, 6005, 6009, 7016, 7035, 9005, 9006, 9016 and DB 703 as standard.
2. Accessories and special requirements such as different colours and finishes are available to special order.

### Mounting

Options include: fixed root or 3p-Technology joint versions. The 3p-Technology version consists of a ground shell, junction piece with integrated breaking point, two clamping bolts, a hex head bolt and a lock nut. A cover can be fitted over the ground socket to provide protection when the bin is removed.

An alternative version is available for embedding in concrete.

### Measurements 50 litre

Capacity: approx. 50l  
 Height above ground incl bollard: 1027mm  
 Container height: 807mm  
 Container diameter: 350mm  
 Weight: approx. 37kg

### Measurements 75 litre

Capacity: approx. 75l  
 Height above ground incl bollard: 1181mm  
 Container height: 961mm  
 Container diameter: 400mm  
 Weight: approx. 40kg
