

## **Technical Data**

### **Marley Eternit Sustainability Showcase (cont)**

#### **Cutting pollution**

Marley Eternit's products provide no direct risk of pollution to either the air or water. Stable and inert waste products can either be reused, recycled or where that is not possible, used as bulk material for landscaping etc.

#### **On the roads**

Marley Eternit's transport division uses eco-friendly, low-emission and fuel-efficient trucks that are regularly serviced. The company also makes sure that there is a return load for every trip where possible, to optimize vehicle usage.

#### **Carrying out supplies appraisals**

Marley Eternit makes sure that its supply chain is as environmentally responsible as possible.

#### **QA**

Marley Eternit operates Quality, Health and Safety and Environmental management systems including ISO 9001, ISO 14001 and ISO 18001.
