# GLOBAL REACH, LOCAL COMMITMENT

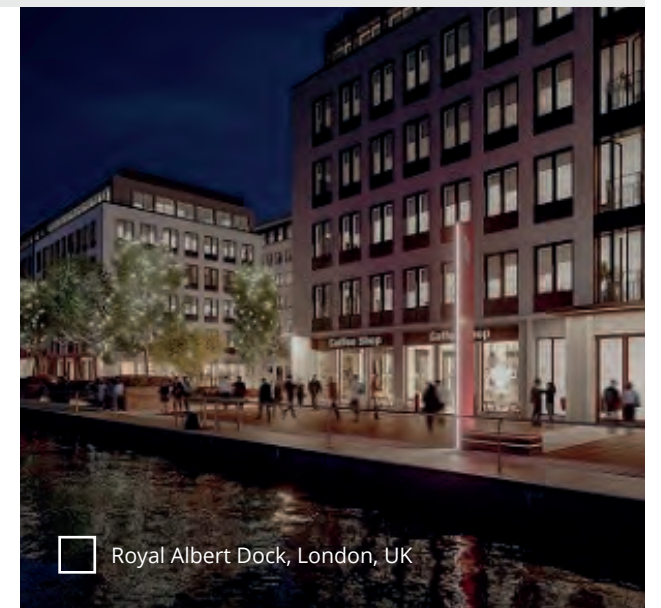

Having served prestigious projects worldwide, our commitment to excellence extends to every corner of the globe.

Headquartered in Hong Kong, NVC International is a leading force in the global LED lighting industry. Founded in 1998, we have been listed on the Hong Kong Stock Exchange (HK02222) since 2010. Our commitment to excellence is reflected in our continuous investment in globally recognised lighting brands and our support for independent distributors worldwide. Specialising in commercial and industrial applications, we produce bespoke lighting solutions that meet rigorous international standards, ensuring quality and reliability.

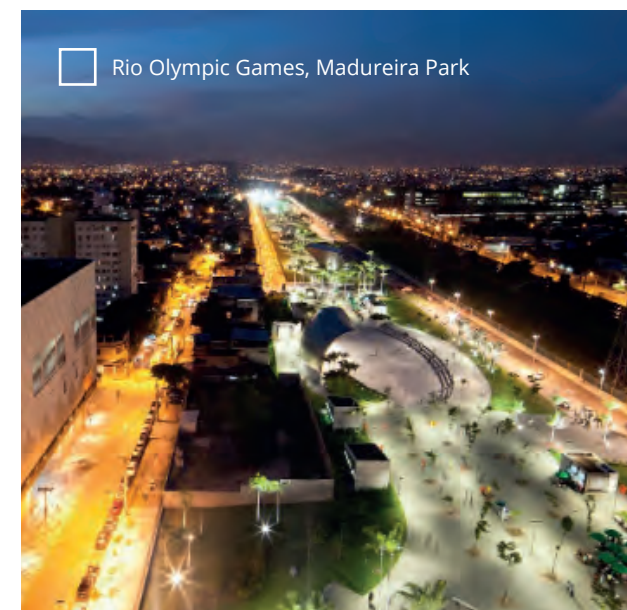

NVC International operates regional offices in Birmingham, Chicago, Stockholm, Tokyo, Singapore, and Zhuhai, and maintains lighting operation agencies in 22 countries, serving clients in over 30 countries. Our extensive R&D and manufacturing capabilities include five state-of-the-art factories and four advanced R&D centres in the Asia Pacific region, driving our pursuit of excellence. Dedicated to creating safe, comfortable, and sustainable spaces, our innovative LED lighting products and integrated solutions have positioned us at the forefront of the global lighting market, underlining our commitment to quality and customer satisfaction.

# NVC LIGHTING

## THE BRIGHTER CHOICE

For over 20 years, NVC Lighting has been at the forefront of the lighting industry, providing innovative and reliable lighting solutions across the UK, Ireland, and the NORDIC markets from our UK base.

Our extensive experience and dedication to excellence have made us a trusted partner for all your lighting needs.

### Comprehensive lighting solutions for every sector

We cater to a diverse range of sectors including residential, commercial, hospitality, and more. Whether you're looking to enhance the ambiance of a residential property, the functionality of a commercial office, or the efficiency of any other space, we have the expertise and products to meet your unique requirements.

### A partnership you can rely on

Our team of skilled professionals is committed to working with you in partnership to ensure that you receive the best lighting solutions for your projects. From initial consultation to final installation, we are dedicated to delivering quality, innovation, and satisfaction at every stage.

### Experience and innovation you can trust

With over two decades of industry experience, NVC Lighting combines modern technology with a deep understanding of our clients' needs. Our goal is to provide lighting solutions that are not only efficient and sustainable but also elevate the aesthetics and functionality of any space.

# GLOBAL LEADERS IN LARGE-SCALE LIGHTING SOLUTIONS

We work in partnership with our clients to deliver comprehensive lighting solutions, backed by our extensive experience and the trust we've earned.

## Global Leaders in Large-Scale Lighting Solutions.

Throughout our history, NVC International and NVC Lighting have established ourselves as key players in large-scale projects worldwide.

Our portfolio includes pivotal roles in some of the world's most prestigious events and developments, in collaboration with major international organisations like FIFA, FINA, and Olympic Councils. Renowned brands such as Hilton, St. Regis, and Sheraton, along with industry leaders like R&F, Ardmore, Wanda, and ABP, consistently choose us as their trusted partners. Notable London projects include Nine Elms Square, The Gantry, and Royal Albert Dock.

# YOUR TRUSTED LIGHTING PARTNER

Specifiers and installers consistently choose NVC Lighting for solutions that exceed expectations. Our products brighten up residential properties, commercial buildings, the hospitality sector and more, with efficiency and style.

## TAILORED SOLUTIONS, PERSONALISED SERVICE

Whether you require bespoke products or customised lighting solutions, our experienced lighting engineers conduct site visits, recommend optimal solutions, and provide ongoing support to ensure your project's success.

- Tailored advice
- Lighting design
- Technical support
- End-to-end service
- Dedicated sales support
- Project consultations
- 5-year warranty on all products

# EXPERTISE YOU CAN TRUST

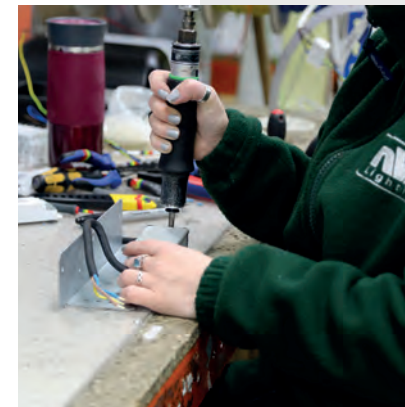

□ Nine Elms Square, London, UK

**At the heart of our success lies our commitment to excellence in manufacturing and development.**

With five state-of-the-art factories and four dedicated research and development centres, we possess extensive capabilities to innovate, design, and produce lighting solutions that exceed industry standards, and appeal to diverse sectors including residential, hospitality, commercial, and beyond.

## EXCELLENCE ASSURED

**At NVC Lighting, excellence is our standard, not just a goal.**

Our dedicated teams maintain certifications to ensure our products consistently meet the highest standards of quality and reliability. As members of the Lighting Industry Association (LIA) and endorsed by LIAQA, our products exceed industry benchmarks for quality assurance in the lighting sector.

Our LIA-accredited lab conducts rigorous light testing, and our membership in the LIA ensures access to industry-focused expertise. Additionally, our silver FORS certification underscores our commitment to safe and sustainable fleet operations, covering everything from driver training to environmental impact reduction.

Our ISO 22301 certification for business continuity highlights our dedication to on-time project delivery, regardless of circumstances. We expertly navigate challenges to provide uninterrupted support for your projects. With our commitment to quality, you can expect years of dependable service and lighting solutions that stand the test of time.

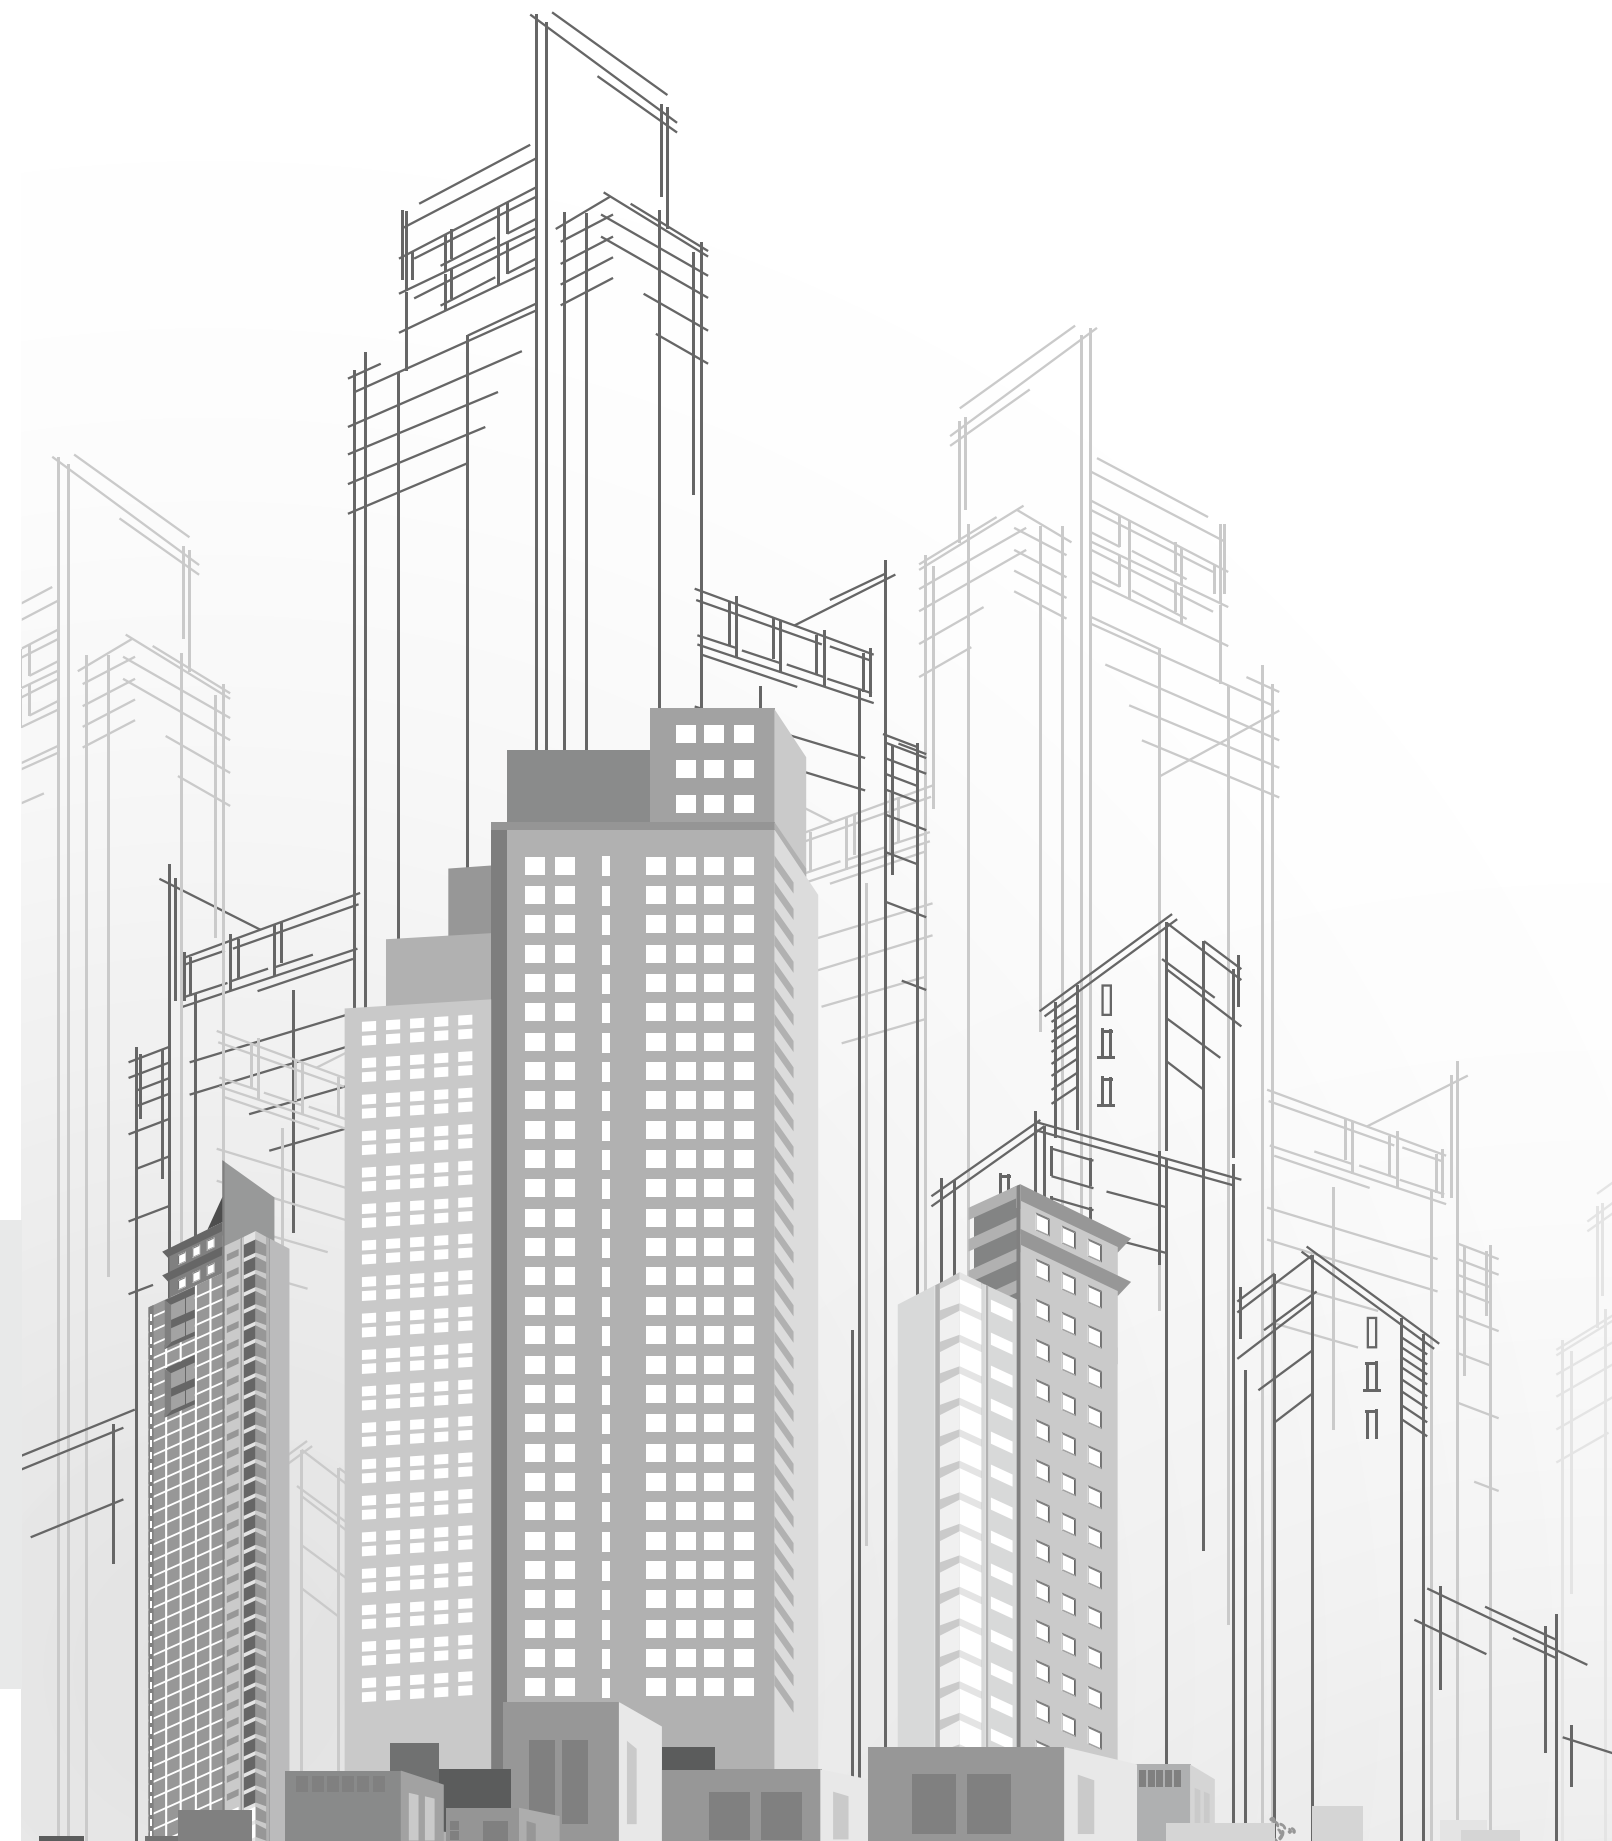

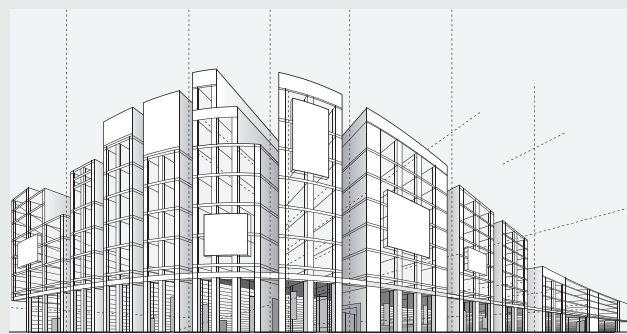

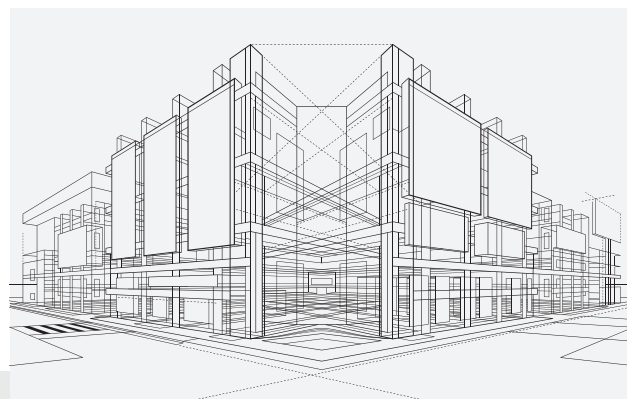

# COMPREHENSIVE LIGHTING SOLUTIONS

At NVC Lighting, we are dedicated to realising your vision with our comprehensive range of lighting solutions. From linear fittings to downlights, amenity fittings, and emergency lighting, our product offerings cater to diverse needs and preferences.

What sets us apart is our commitment to collaboration. We understand that every project is unique, which is why our experienced team works closely with clients to develop bespoke lighting design schemes. Whether you're envisioning a sleek and modern aesthetic or a warm and inviting atmosphere, we have the expertise to bring your ideas to life.

In addition to our focus on tailored design, we also prioritise technological compatibility. Our products are seamlessly compatible with leading smart controls manufacturers, allowing for easy integration and enhanced functionality. This ensures that your lighting system not only meets your aesthetic requirements but also offers modern convenience and efficiency.

Comprehensive lighting solutions encompass everything from design to integration, ensuring all your illumination needs are met seamlessly.

# EFFICIENCY AND RELIABILITY

Driven by our pursuit of operational excellence and commitment to continuous improvement, NVC Lighting ensures efficiency and reliability in every aspect of our operations. With a focus on short lead times, on-time delivery, and rigorous quality standards, we guarantee seamless performance at every step of the journey.

Our modern 90,000 ft<sup>2</sup> facilities are the heart of our operations, housing integrated warehouse, production, lighting design, photometrics, tech support, and logistics.

This comprehensive infrastructure enables us to streamline processes, optimise workflows and deliver exceptional customer value.

- **Over 99% OTIF delivery rate:** dispatching 1.5 million products yearly
- **Over 99% order fill rate:** meeting and exceeding customer expectations
- **Stockholding:** c. 1500 product lines worth around £6 million, ensuring swift response to customer demands
- **Quality assurance:** 100% inspection and test policy, achieving over 99% right-first-time performance, enhancing reliability and customer satisfaction

At NVC Lighting, operational excellence is not just a goal; it's a fundamental principle that drives everything we do. Through continuous improvement initiatives and a focus on efficiency and reliability, we remain committed to delivering value and service excellence to our customers.

# SUSTAINABILITY AT OUR CORE

**At NVC Lighting, sustainability is not just a goal, but a way of operating.**

We have achieved the EcoVadis Bronze Standard 2024, a recognition that underscores our commitment to reducing our environmental impact. EcoVadis is a globally recognised sustainability assessment platform that evaluates companies based on their environmental, social, and ethical performance. Achieving this rating demonstrates our dedication to reducing our ecological footprint and fostering sustainable practices throughout our operations.

In addition to our EcoVadis certification, we are certified by Carbon Neutral Britain. This program aims to accelerate the transition to a low-carbon economy by helping businesses measure, reduce, and offset their carbon emissions. By partnering with Carbon Neutral Britain, we are taking proactive steps to minimise our carbon footprint and contribute to the cause against climate change.

EcoVadis  
Bronze 2024

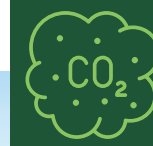

Certified by Carbon  
Neutral Britain

**NET ZERO  
BY 2050**

On track to meet our 50%  
GHG reduction targets by 2025,  
five years ahead of schedule.

**462 TONNES DOWN  
TO 264 TONNES IN  
2023/2024**

Emissions reduced year on year since 2021/2022. Improvements of c.100 tonnes per year.

## ENVIRONMENTAL RESPONSIBILITY

**We understand the significance of responsible packaging and recycling, which is why we prioritise minimising packaging materials, eliminating plastic bags, and opting for eco-friendly alternatives.**

Our dedication to compliance with WEEE Regulations through Lumicon Membership ensures that our products undergo responsible recycling practices. Moreover, we extend our commitment to sustainability beyond our operations by partnering with waste experts who have acquired Lumicon and WERCS (Worldwide Environmental Regulatory Compliance Solutions). These trusted partners handle waste management directly at project sites, providing essential equipment such as skips and crates, collecting and recycling waste, and managing all relevant documentation on our behalf. Through this collaborative effort, we uphold the highest environmental standards while reducing our ecological footprint.

**OVER 1000  
TREES SAVED
