

nationgrille

Nationgrille 1000

A very versatile range, the Nationgrille 1000 and 2000 are of a fully welded steel construction and can be galvanised for external applications. The Nationgrille 1000 is insurance approved. The hinged option is similar but padlockable, it is excellent for front entrances and fire exits. Other options include the Nationmesh grilles and cages, and the aesthetically pleasing Nationscreen. All are available in a wide range of colours and are custom made to suit most sizes of openings.

Protecting the Nation

A highly secure option where removal is not a requirement. The Nationgrille is designed to keep intruders out whilst offering maximum vision and exceptional light levels.

Applications include:

- Workshops
- Skylights
- IT suites and offices
