Opal Fabric

- **Colour:**
Opaque
- **Light transmission:**
Opal 60: 60% Opal 20: 20%
- **Fabric weight:**
60: 490gm/2 20: 590gm/2
- **Guarantee:**
10 years plus

St Richards School

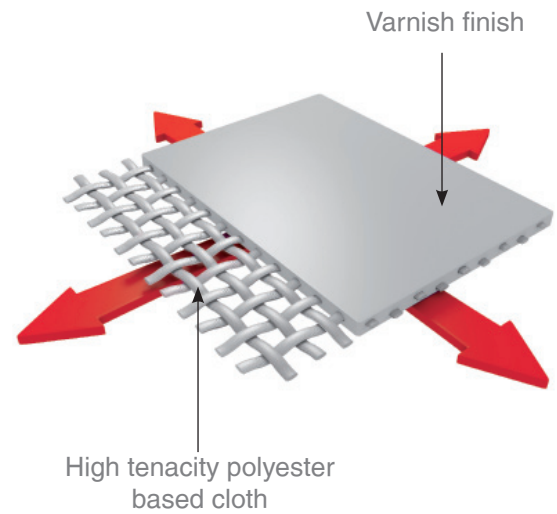

Opal Fabric has been developed exclusively for Fordingbridge in response to customer requests for a UV stable fire retardant canopy fabric. It is available in two versions: Opal 60 and Opal 20.

Opal 60 is ideal for areas where higher light levels are required. Opal 20 is ideal for hardware sales and utility areas.

Fire retardant:

Complies to BS 5438:1989 tests 2A and 2B
 BS 7157:1989(1994) and BS 7837:1996
 BS5867:Part 2:1980 (1993) Types B and C

Characteristics

- UV Resistant
- Fire resistant
- High longevity
- High tear strength
- Simple maintenance
