

SAFETY FLOORING FOR

CONTEMPORARY SPACES

CREATE SPACES VIIHIN SPACES

CONTEMPORARY DESIGN

Polysafe Stone & Wood fx is a distinctive collection developed to capture the beauty and authenticity of material surfaces with the built-in reassurance of sustainable wet slip resistance. This heavy-duty vinyl sheet safety flooring features 34 commercial floor designs with high clarity stone, concrete and wood effects across a range of warm and cool hues.

The Polysafe Stone & Wood fx collection presents endless possibilities to realise a safe, contemporary interior space. Create unique flooring designs or multi-functional zoning with the complementary stone and wood shades.

ENGINEERED FOR SAFETY

Virtually invisible aluminium oxide particles are integrated throughout the performance layer to provide a safety flooring which is both functional and beautiful.

These carborundum-free safety particles ensure that Polysafe Stone & Wood fx offers full HSE compliance and sustainable wet slip resistance, achieving **36+** on the pendulum wet tests.

SAFETY FLOORING THAT COMBINES BEAUTY WITH PERFORMANCE

Urban Concrete 6013 & Light Concrete 5087

Spaces to WORK

FRONT OF HOUSE SAFETY ASSURANCE

Contrasting stone and wood effect flooring beautifully demonstrates how design and function go hand in hand. The perfect solution for busy retail interiors where the flooring aesthetic and safety performance are a priority.

Protect customers and employees in environments with heavy footfall such as entrances and walkways by specifying a safety floor that can handle potential slip risks from trafficked contaminants and daily spillages.

Jurassic Stone 6011 & Roasted Limed Ash 3375

STUNNING

WITH SAFETY

SCHEMES

ASSURED

Spaces to LIVE

CALM AND WELCOMING TONES

The variety of contemporary stone designs and warm wood effects can be used individually for a homely interior or in combination to create harmonious zones in larger spaces.

Attractive designs combined with safety flooring properties that can withstand daily spillages and contaminants make this Polysafe Stone & Wood fx collection perfect for any shared living, housing or commercial setting.

FUNCTIONAL ZONES FOR SAFE OPEN PLAN LIVING

Spaces to HEAL

HYGIENIC AND LOW MAINTENANCE

Soothing shades of warm concrete and wood give hospital interiors a fresh and non-clinical feel to foster comfortable environments that both patients and staff find uplifting and positive.

Maintaining the look of a floor covering is vital, particularly in highly visible areas which need to be kept hygienic and safe. The tried and trusted Polysafe PUR reinforcement assures both ease of maintenance and optimum appearance levels for design led front of house areas.

WELCOMING & HYGIENIC WITH BUILT-IN SLIP RESISTANCE

Dark Concrete 5089 & American Oak 3387

Spaces to ENJOY

IDEAL FOR LARGE SCALE AREAS

For those seeking contemporary, design-led interiors, the stunning urban and light concrete reproductions allow complete design freedom, meeting all safety and maintenance requirements for large scale customer facing spaces.

Ideally suited to retail and leisure interiors with heavy commercial footfall, Polysafe Stone & Wood fx can be laid throughout a facility, including areas that have exterior access or pose a risk of spillage.

Spaces to LEARN

POTENTIAL SPILLAGES

Polysafe Stone & Wood fx has the assurance of sustainable wet slip resistance throughout it's guaranteed life and is suitable for large scale educational interiors, particularly in busy food serving areas where there is a risk of spillages.

Create pleasant, comfortable and practical environments with a choice of calming tonal greys across the stone and wood floor designs to guide users with wayfinding or functional zoning.

PRODUCT **TESTING**

In areas where there is a higher potential for slips and trips, it is important to choose a HSE compliant flooring solution that offers sustainable slip resistance for the product's lifetime.

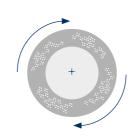

EN 13845 The European safety flooring standard

Conformance to the 50,000 cycles abrasion test demonstrates that the performance particles within a safety floor are durable, offering longevity and sustainable performance for the guaranteed life of the product.

- Easy clean
- Maintain cost savings
- Optimum appearance retention
- Resistance to staining & chemicals

Agrément Assurance – Polysafe Stone & Wood fx PUR has been independently assessed by the British Board of Agrément and product performance is assured for at least 10 years in recommended use areas. With proper maintenance, the appearance, colour and slip resistance will be retained during this period.

Environmentally Preferable Flooring - Polysafe Stone & Wood fx PUR achieves BRE Global A+ rating (ENP 415) in the Green Guide to Specification in use areas such as education and healthcare. Generic EN 15804 Environmental Product Declaration (EPD) available on request. It is 100% recyclable and contains 10% recycled material. Recyclable via the Recofloor scheme. Visit www.polyflor.com/sustainability.

Polysafe PUR – The Polysafe fx PUR collection feature a high quality, cross-linked polyurethane reinforcement, UV cured to provide superior cleaning benefits, life cycle maintenance savings and optimum appearance retention. As with all Polysafe products, Stone fx & Wood fx PUR should not have a polish applied.

Hygiene – All Polyflor commercial sheet vinyl ranges provide a continuous, impervious and hygienic flooring solution which can be confidently cleaned in accordance with recommended maintenance procedures and approved maintenance products. The implementation of an effective cleaning regime is the most important defence against infection.

Polysafe safety flooring ranges have good resistance to dilute acids and alkalis, are compatible for use with the most commonly used alco-based hand gels and are suitable for steam cleaning on a periodic basis. Chemical resistance charts available on request. For information regarding handling and installation, adhesives, maintenance, applications, chemical resistance and product warranty, consult Polyflor Customer Technical Services on +44 (0)161 767 1912, or email tech@polyflor.com. As with all Polysafe products, Polysafe Stone fx PUR should not have a polish applied. For best results, flooring must be reversed laid. The data presented is correct at the time of printing. For latest information, please visit our website **polyflor.com**. Decoration and shade may vary slightly from the samples shown.

For more information regarding our recommended safety flooring finishes or product testing please contact Customer Technical Services Department on +44 (0)161 767 1912 or email tech@polyflor.com Alternatively please visit polyflor.com/safety
