

3 PROFILES 3 PRICES

As manufacturers we have over the last 20 years developed ranges to match any site profile and budget.

Affordable/budget – All steel mailboxes in various sizes and arrangements most suitable for the more price sensitive project eg. Housing associations, key worker accommodation. Durable, practical, functional.

Standard – Aluminium mailboxes for virtually any application and to suit any site profile. Many sizes available. Strong, versatile and aesthetically pleasing.

High Specification – Aluminium and stainless steel mailboxes for the more prestigious development, where bespoke designs, versatility and aesthetic demands are of paramount importance. Also includes fire rated, chuted and purpose made models. All detailed in our 48 page brochure.
