

INTRODUCING SuperPrixmat™

SuperPrixmat™ is a range of premium stone mastic asphalt (SMA) surfacing material designed for demanding high-performance motor racing circuits. It's tried, tested and approved by our customers for use on all types of circuits nationwide.

WHY SUPERPRIXMAT™?

ENHANCED SAFETY

SuperPrixmat™ provides a high-grip surface designed for skid resistance for safer high speed racing.

RIDEABILITY

Its uniform surface texture produces a consistent ride quality ensuring predictable driving characteristics, delivering the highest standard of ride experience demanded for ultra speed racing.

LONG-LASTING

Increased material durability for a longer lasting finish. Our Ultra range offers increased cohesion and wear resistance using a specially selected polymer modified binder.

EXPERTISE ON-HAND

Each racing circuit presents unique challenges to a surfacing installer. Advice on best practice for each application, is available throughout from Aggregate Industries' technical staff.

ECO-FRIENDLY

Create sustainable projects – all mixes can be supplied as SuperLow warm mix asphalt.
