

## Technical Data

Rolling shutters

### **Composition and manufacture**

Manufactured from aluminium, timber or steel, System 2000 provides an integrated, attractive yet secure facade. A range of rolling shutter doors, security grilles or anti-ram raid shutters and ram-stop bollards may be incorporated into the shopfront systems.

### **Size and weight**

Manufactured to individual requirements, standard and non-standard shopfront systems.

### **Appearance**

Shopfronts and shutters are available in natural mill, Syntha Pulvin powder coat or anodised finishes

### **Sitework**

The company supplies and installs and also offers a 24 hour emergency service throughout the UK.
