

ProFin[®] BL24/49

Push-on facing plates in 24 mm and 49 mm and associated connectors for modular Gutjahr balcony systems.

DESCRIPTION

Aluminium powder-coated, push-on facing plate for ProFin[®]DP drainage profiles which form part of the Gutjahr external tiling system from BAL. For full installation advice and technical assistance the please refer to Part A Technical Design Guide or contact the BAL TECHNICAL ADVISORY AND SPECIFICATION SERVICE.

Product Properties and Benefits

- Push-on facing plate in combination with ProFin[®] DP11/DP21/DP30 base profile for covering constructions up to 79mm high.
- Seepage water is concealed and drained behind the facing plate.
- Separating the facing plate from the base profile reduces the risk of damage from shear stress on the seal.
- Can be used with all Gutjahr surface drainage systems and DiProtec[®] sealing tape technology.

PRODUCT INFORMATION

Composition: ProFin[®] BL24/49 profile, Corner 90° and connectors are constructed from power coated aluminium.

Colour: Alumetallic. Other colours available on request.

Size: 1 length = 3 m. 1 corner unit = 185 mm x 185 mm

Additional Information:

- Height of structure: depending on type of construction and covering.
