

Experience a new dimension of wall design:

TACTURA

Where walls come alive.

3D INNOVATION BY TACTURA
INSPIRED BY NATURE. DEFINED BY TOUCH.

Inspired by nature and crafted through advanced design,
Tactura wall panels bring depth, texture and realism to interior spaces.
Each surface captures the essence of natural materials — from soft stone to
warm earth — creating walls that don't just look real, but feel real.
All the beauty of tiles, without the weight, mess or complex installation.

Each Tactura mood captures a distinct atmosphere — shaped by colour, texture
and light. Explore the five moods and discover the one that speaks to you.

TACTURA

Where walls
come alive.

TACTURA

ivory & chalk

Soft, mineral tones
with timeless finesse.

A serene, understated palette that
brings calm elegance to your space.

TACTURA

sand & travertine

Warm earth tones inspired
by sun-kissed stone.

Worthy of both classic and
contemporary interiors.

TACTURA

moSS & earth

Rich, tactile depths that ground your room in nature.

Deep character with an organic touch.

TACTURA

warm greige & taupe

Balanced neutrals
with subtle warmth.

Flexible and timeless, perfect for
a refined backdrop.

TACTURA

deep & intimate

Dark, expressive surfaces
with dramatic depth.

Create an atmosphere of luxury
and focus.

FACTURA

Where walls come alive.

Tactura redefines the way walls are experienced.

Tactura surfaces are defined not just by colour, but by the interplay of texture, gloss and matte.

Subtle highlights and soft shadows reveal detail, adding dimension and life to every room.

A tactile
richness that
invites touch.

Designed with care — inside and out.

At Tactura we believe that beauty
and responsibility coexist.

- Over 30 % recycled materials in every panel
- Fully recyclable after use
- Produced with minimal environmental impact
- Internal reuse of leftover materials

TACTURA

Tactura is a 100 % waterproof wall cladding system with an innovative tongue-and-groove installation. Its solid, UV-resistant tiles and panels create a durable, stylish finish for any interior. Available in two sizes, from compact tiles (65 x 37,5 cm) to XL panels (90 x 260 cm), and modern designs like concrete or marble.

Manufactured in Belgium with advanced surface design technology, Tactura combines quality, durability and ease of installation — ideal for bathrooms, kitchens and more.

65 x 37,5 cm

90 x 260 cm

Suitable for renovation and new builds.

Renovating without stress? With Tactura, it's easy. Our wall panels can be glued directly onto existing walls—no demolition required. Quick and simple to install, even without professional help, you'll finish up to three times faster than with traditional tiles. Lightweight XL panels fit easily into compact spaces, and cutting to size is effortless with a utility knife. Dust-free, noise-free, and hassle-free.
