# TESI MODERN BY NATURE

At Ideal Standard, we believe that a bathroom should be a living space, giving you more than just somewhere to brush your teeth. For the past 100 years, we've been creating products that transform a purely functional space into the ideal bathroom – a place to relax, make yourself beautiful, refresh and re-energise.

There's no better inspiration for design than nature. Like the hummingbird, our new range Tesi is a wonderful example of a supremely functional form exhibiting exquisite beauty. Slender, elegant and agile: it's precisely adapted to suit environment and lifestyle needs. It performs effortlessly in every role and never fails to achieve perfect balance.

For further inspiration visit  
[www.ideal-standard.co.uk](http://www.ideal-standard.co.uk)

# ACHIEVE BATHROOM HARMONY

Tesi's accessible quality and versatility make it easy to assemble a beautifully co-ordinated bathroom. Whether it's for a hard-working family bathroom or a stylish, contemporary space, Tesi is built to perform and fits right in.

Its soft geometric lines, along with our innovative AquaBlade® flushing technology, turns a bathroom into a modern and enjoyable space.

## MATCHING FURNITURE FROM TEMPO

Tesi ceramics integrate seamlessly with Tempo's elegant and practical bathroom furniture. The two ranges come together to create one pure vision. Available in two beautiful finishes, the Tempo range includes basin and WC units, worktops and a column storage unit.

For the full range of furniture see page 18.

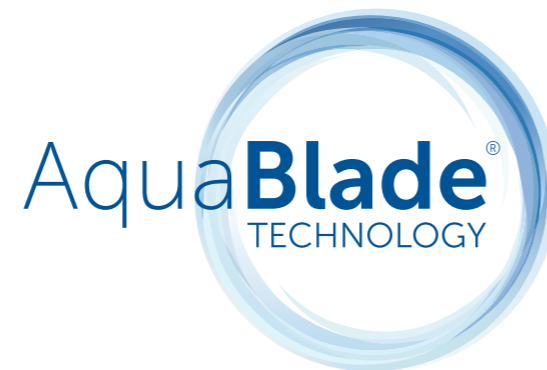

Products featured; Tesi 55cm semi-countertop basin and back-to-wall AquaBlade® WC suite; Tesi single lever basin mixer and dual control bath filler; 160 x 70cm Idealform Plus+ bath with Connect Angle bath screen; Concept Easybox Slim built-in thermostatic shower with Idealrain M3 kit. Tempo 650mm semi-countertop basin and WC units with 600mm mirror.

# AQUABLADE® A NEW ERA IN FLUSH TECHNOLOGY

Ideal Standard's fresh approach to design is driven by insights into the changing needs and expectations of customers. This forward-focused strategy is perfectly demonstrated by our exclusive AquaBlade® Technology – a true innovation in flushing performance.

And we're delighted to announce that this design won the Gold Award for Innovation In Sustainability at the Designer Kitchen & Bathroom Awards 2015. This accolade is highly respected across the interior design industry, and we're proud to be creating award-winning technology, right here in the UK.

## DESIGNED TO LOOK BEAUTIFUL

With simple clean lines and contemporary styling, AquaBlade® Technology has been designed with aesthetics as well as performance in mind. There is no unsightly rim so only the smooth curves of the bowl are visible.

[www.is-aquablade.com](http://www.is-aquablade.com)

## UNRIVALLED HYGIENE

When it comes to hygiene, AquaBlade® technology outperforms all existing toilets and other flushing innovations.

Traditional toilets leave a significant area of the bowl unwashed, particularly at the back. The AquaBlade® channel is positioned close to the top of the bowl, ensuring that 100% of the surface area beneath it is rinsed clean every time. With AquaBlade® Technology, the optimised water pressure and smooth curves of the bowl flush bacteria clean away with no unhygienic splashing. The bowls are also very easy to clean, with no overhanging rim to hide potentially dirty areas.

## ADVANCED DESIGN

All Tesi WCs include AquaBlade® Technology, and it's this pioneering functionality that has inspired an equally forward-looking design aesthetic. From the curved bowl to the signature ultra slim seat, it's a beautifully elegant statement of refined design.

The soft close option is the first of Ideal Standard WCs to include a quick-release removable seat. This simple and supremely practical feature makes cleaning so much easier – adding to the brilliantly hygienic qualities of AquaBlade®.

Tesi WCs are available in wall hung, back-to-wall and close coupled styles, offering the flexibility to integrate into a wide variety of bathroom designs.

# TESI MIXERS ELEGANTLY DIVERSE

Designed by Artefakt and meticulously manufactured in our European factory, Tesi mixers express quality, style and versatility in equal measure. Characterised by clean geometric lines and counterbalanced by soft, round forms, they perfectly complement the stylistic qualities of Tesi ceramics.

And there's a wide range to choose from – each has its function, and each will find its perfect home in the right bathroom. There are four basin mixers: tall, mini, standard or built-in. All are wonderfully slim in design and feature a ceramic disc cartridge to control the flow and temperature of water with impeccable precision. The two tap hole bath filler and bath shower mixer co-ordinate with the basin mixers perfectly.

Basin mixer

Tall basin mixer

Basin mixer built-in

Mini basin mixer

## EFFORTLESS FOR BATH OR SHOWER

With a light touch of the diverter, you can switch from bath fill to the single function Idealrain shower. And, while you're showering, the clever 'follow me' swivel outlet keeps the hose well out of your way.

# TESI BATHS BEAUTIFULLY SIMPLISTIC

With their flat, linear edges and bold, semicircular back rest, Tesi baths have a pure geometric form that will sit harmoniously within so many of today's bathrooms.

There's a size to work with generously proportioned rooms and another for smaller spaces. And, because the baths are compatible with a variety of different panels and shower screens, it's easy to create a number of different looks.

## SAVING WATER

Choose the Tesi water-saving bath, with a lowered overflow, and you can restrict the amount of water you use to just 139 litres. And you don't have to compromise your bathing experience because the internal space of the bath isn't affected.

## THE PERFECT SOLUTION FOR IN-BATH SHOWERING

Our range of New Connect bath screens offers the perfect solution for combining a shower with a bath. For more details on our range of bath screens please visit [idealstandard.co.uk](http://idealstandard.co.uk)

Products featured; Tesi 55cm basin with full pedestal and basin mixer, AquaBlade® close coupled WC and 170cm Tesi Idealform bath with dual control bath filler.

Products featured; Tesi 55cm semi-countertop basin with Tesi single lever basin mixer and back-to-wall AquaBlade® WC suite; Tempo 650mm semi-countertop basin and WC units with 600mm mirror and external light; Kubo 900mm pivot corner shower enclosure and Simplicity low profile tray.

# PERFECTLY BALANCED

Thanks to their simple, flowing design, each of Tesi's elements come together in perfect harmony. Curve echoes curve and line echoes line. It's one pure design language, fluently expressed, with subtle accents of individual character.

In creating your bathroom composition, Tesi's mixer taps are the design detail that completes the range's overall image. The parallel, horizontal lines of the spout and handle reflect the flat ceramic surfaces perfectly.

To see our Tesi mixers and taps, please see page 16.

Available in four sizes for pedestal, plus a semi-countertop option. Tesi basins offer flexibility to create a balanced space to suit your lifestyle.

# TESI LOVES CLOAKROOMS

With a range as wide as Tesi, scaling down for the smallest room is no problem. The pure and simple design adapts to smaller sizes with ease, and we've created a special suite of cloakroom ceramics, without compromising on quality or performance.

➤ We've even produced the mini basin mixer, to match the proportions of our cloakroom-sized basin. And our semi-pedestal basin is a great option for enhancing the sense of roominess when space is limited.

Products featured; Tesi 45cm handrise basin and small semi-pedestal with Tesi single lever mini basin mixer and close coupled AquaBlade® WC suite.

# TESI + TEMPO THE PERFECT PARTNERS

Our intelligently conceived range of Tempo furniture pieces bring smart, discreet storage to busy bathrooms. With a range of units and integrated ceramics, there's a configuration to fit any room layout. Neutral, yet unquestionably contemporary, the Sandy Grey and Gloss White finish complement Tesi's sleek contours.

Ceramic and furniture elements integrate harmoniously for a beautifully streamlined effect. Soft close doors and drawers bring a satisfying sense of effortlessness to the whole experience.

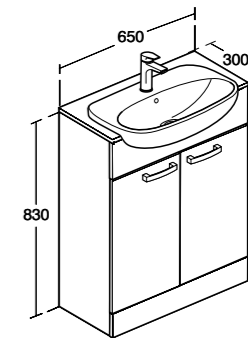

When you've finished your beauty or hygiene regime everything's hidden away in the roomy storage unit, leaving your bathroom immaculate.

## Tempo Semi-countertop basin unit 650mm

Please add colour reference to code when ordering: Gloss White **WG**, Sandy Grey **SG**.

Product featured; Tesi  
single lever basin mixer.

#### Guarantee

Our confidence in the quality and reliability of Ideal Standard products enables us to guarantee many of them for a lifetime. Our guarantee is offered on all products that have been used in the manner for which they were intended, and does not apply to any products that have been misused or abused in any way. Products must be installed and cared for in line with our fixing instructions and local water bye-laws. In the unlikely event the product fails within the guarantee period, we offer a free replacement or replacement part (or nearest equivalent). Liability is limited to individual products and does not cover consequential loss or damage on installation.

1. All ceramic products are guaranteed for a lifetime.
2. Idealcast and Idealform acrylic baths are guaranteed for 25 years from date of purchase.
3. Showers, bath panels, furniture, mixers and taps, WC suite seats and cistern fittings are guaranteed for five years from date of purchase. (Cistern and shower door seals are not included. Replacements can be found on our Fastpart website: [www.fastpart-spares.co.uk](http://www.fastpart-spares.co.uk).)
4. Shower enclosures and bath screens are guaranteed for ten years and shower trays for 25 years.
5. Parts (including push button flush valves and blower power packs on Whirlpool baths) are guaranteed for five years and will be replaced if found to be faulty.
6. Cistern diaphragms, seals and shower seals are not included. Replacements may be purchased through our parts supply service.
7. When your bathroom has been satisfactorily installed and is working well, please ensure you register your guarantee.
8. The guarantee is transferable 'it applies to the product not the purchaser' provided guarantee registration details are passed on to the new owner. For full conditions, please refer to our website: [www.ideal-standard.co.uk/guarantee.aspx](http://www.ideal-standard.co.uk/guarantee.aspx).

Ideal Standard pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice. While great care has been taken to ensure accuracy of all prices, product codes, descriptions and dimensions, Ideal Standard reserves the right to correct errors or misprints.
