

## THURROCK BIN STORE

Premium Timber Clad Bin Storage Solution

The Thurrock Bin Store is a premium timber bin storage solution for residential and commercial sites. Built with sustainability, strength, and design in mind, it combines FSC-certified hardwood or softwood cladding with a hot-dipped galvanised steel frame to BS EN ISO 1461:2022 standards, ensuring a long-lasting and specification-ready solution. No matter the project or development, the Thurrock Bin Store provides a functional yet design-oriented way to manage waste and keep external areas clean. With various customisable finishes, access options, and additional features, it's a trusted choice for architects and contractors seeking a durable, sustainable bin store that complements modern building designs. The Thurrock Bin Store is available in both standard dimensions and bespoke options to suit your project. Our team is on hand to provide specification support, site surveys, and quotations.

- › **Sustainable Timber:** Choice of FSC-certified hardwood and softwood cladding for long-lasting performance.
- › **Durable Framework:** Mild steel frame, hot-dipped galvanised to BS EN ISO 1461:2022 for corrosion resistance.
- › **Secure Access:** Range of locking options including hasp & staple, swipe card, and Digi locks.
- › **Customisable Design:** Nine timber cladding finishes and powder-coated steel in standard RAL colour chart options
- › **Optional Upgrades:** Pergola roof, integrated PIR lighting, and wood-clad sliding or swing gates
- › **Ventilated Panels:** Reduces odours and improves airflow for sanitary waste storage
- › **Built to Last:** Backed by a 10-year manufacturer's warranty.
