

ULTIPOROUS TENNIS

The ultimate sports surface

ULTIPOROUS TENNIS

The ultimate sports surface

The smooth finish and consistent playing surface of ULTIPOURUS TENNIS makes it the first choice for outdoor tennis courts. It also complies with the Sports and Play Contractors Association guidelines.

ULTIMATE PERFORMANCE

Available as a 6mm surface course normally laid in a 25-30mm layer, with the option of a 10mm or 14mm specialist binder course, ULTIPOURUS TENNIS is a tough durable product designed specifically for tennis courts which delivers the consistent performance that players expect.

LASTING FINISH

ULTIPOURUS TENNIS utilises aggregates specially selected for durability.

IMPROVED WATER CLEARANCE

Quicker draining than conventional asphalt means courts are available for use shortly after rainfall.

CHOICE OF COLOURS

Available in black and red as standard, there are also a range of other colours available as part of our ULTICOLOUR range, with a choice of aggregate to suit site requirements.
