WuduMate TURKISH TOILET

Product Code WM-TT

Toilet with a bidet spray inside the bowl of the toilet. The bidet function is operated by an on/off isolator valve located conveniently to hand on the right-hand side of the toilet. By locating the bidet spray inside the bowl rather than relying on a traditional "lota" on the floor or a shattaf on the wall, water is kept inside the bowl. Splashing on the floor causing unpleasantness and a potential slip hazard for other users is greatly reduced by this clever design feature.

Suitable settings include homes, municipal buildings, universities, hospitals, offices and mosques.

The WuduMate Turkish Toilet comes complete with seat, manual water mixer, dual cistern flushing mechanism, (normally 3 litres for partial flush and 6 litres for full flush, but adjustable) and fittings.

Colour White

Material Vitreous China

Weight Net: (36kg) 79.4lbs Gross: (38kg) 83.77lbs

Carton Size (mm L700 x W400 x H690) inches L27.56 x W15.74 x H27.16
