A

“non-rated” glass entrance for a tenant suite opening into a fire rated corridor.

Floor to ceiling glass panels can be used at the entrance to a tenant suite even when that suite opens into a one hour fire rated corridor if they are used in conjunction with a Won-Door FireGuard folding partition.

Under IBC, Won-Door FireGuard doors are permitted in a means of egress without occupant load limitations.

That means the floor to ceiling non-rated glass entrance can be used when protected by Won-Door FireGuard horizontal sliding doors.

For more information contact your local Won-Door representative or visit our website at www.beehive-partitions.com
