

# New Products 2013

---

## Innovation for Renovation

**NEW!**

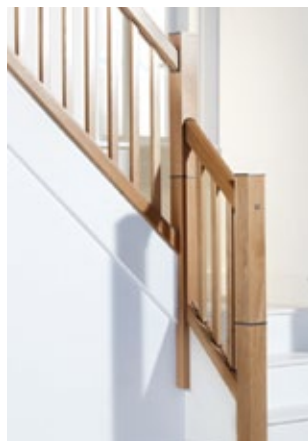

Taper in White Oak with Madrid balusters.

New for 2013 we have two exciting new product launches.....

We are proud to introduce our innovative Taper range. Available in modern White Oak finish, Taper blends traditional with a new twist.

Building upon the success of the Immix glass range that was launched in 2012 our development team have been busy creating a baluster system using the same easy to install components.

Immix baluster in White Oak.

---

# Immix™ baluster

A great addition to the no fuss no mess range.

Immix is an exciting range of contemporary stairparts designed to offer a fresh look to any staircase. Choose from the warmth of Walnut or the elegance of White Oak balusters to blend with your hallway decor.

Immix is now available with glass infill panels or solid wood balusters. The balusters are fitted using unique fitting brackets that are hidden once installed.

Developed for flexibility and ease of installation, Immix can be installed in 48 hours with no fuss or mess.

Immix baluster system.

Pre-finished Walnut or White Oak blended with Gun Metal connectors.

Creates a stunning impression.

# Introducing Taper

Clean lines, and a solid wood feel that will enhance any hallway.

**NEW!**

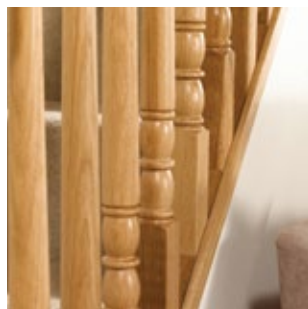

Taper baluster system in White Oak.

New for 2013 we are proud to introduce our innovative Taper range. Choose from Valencia, Madrid or Granada balusters or even mix them for a bespoke feel.

Taper uses clever technology to improve ease and speed of installation. Handrails are pre-drilled, and rake balusters are pre-cut to fit almost any staircase type. It's fully tested for domestic use and offers our renowned quality finish.

Available from stock and quick and simple to install, offering you bespoke looks without the expense or leadtime.
