

## HELO CASE STUDY- BOURNVILLE COLLEGE: BIRMINGHAM

CLIENT: Shepherd Construction  
SITE: Bournville College  
PROJECT: Urban Fitness

Helo UK is pleased to announce the completion of a professional sauna & steam facility featuring a magnificent Adventure Shower at Bournville College.

As part of the £1bn regeneration of the former MG Rover site, Helo designed, built and installed this stunning leisure facility, complementing the contemporary look and feel of the brand new campus.

GENUINE SAUNA & STEAM

## URBAN FITNESS: BOURNVILLE COLLEGE

### A: 'Profiklasse' Sauna Cabin

This high quality sauna with wood panelling was chosen for both its comfort and its durability. Packed with innovative features such as water-proof base plinths and slide-back benches, this heavy-duty sauna allows for easy cleaning and maintenance.

### B: Adventure Shower

The jewel in the crown is this fabulous feature shower, supplied and installed by Helo. Bursts of hot and cold mist subtly infused with aromatic oils are enhanced by tropical mood-lighting providing the ultimate shower experience.

### C: Crystal Steam

Designed to provide the bather with the genuine chromotherapy experience. The room features miniature bright-white wall and ceiling tiles, specifically selected to enhance the relaxing effect of the colour-changing feature lights.
