

HELO CASE STUDY - AFON SPA: DEESIDE LEISURE CENTRE

CLIENT: Flintshire County Council
SITE: Deeside Leisure Centre
PROJECT: Afon Spa & Wellness

Helo is pleased to announce the completion of a professional wellness facility for the Afon Spa at Deeside Leisure Centre.

Helo is delighted to have worked with Alliance Leisure and ISG Construction on the brand new spa & wellness facility at Deeside Leisure Centre as part of a total refurbishment which is now considered to be a flag-ship site by all involved.

GENUINE SAUNA & STEAM

AFON SPA DEESIDE LEISURE CENTRE, FLINTSHIRE

Helo relished the opportunity to start this project with a truly blank canvas with a brief to design, build and install a complete, state of the art spa & wellness facility including: herbal sauna, ice fountain, crystal steam, aroma steam, relax benches, spa bath and foot spas, kubeldusche, adventure shower and salt grotto. Colour LED and Fibre Optic lighting combine with infused aroma essences and soft music throughout the facility to provide a mood enhancing and comfortable environment perfect for rest and relaxation. All the rooms and treatment areas flow naturally together to create a truly magical spa experience.
